Dear Shareholder

親愛的股東，

**Changes to M&G (Lux) Optimal Income Fund (the “Fund”),
a sub-fund of M&G (Lux) Investment Funds 1 (the “Company”)**

**M&G (Lux)投資基金(1) (下稱「本公司」) 旗下子基金：M&G 收益優化基金 (本基金配

This letter is for your information only. You do not need to take any action, but we recommend that you read it carefully.

本函僅供您參酌。您毋庸採取任何行動，但謹建議您仔細閱讀。

Defined terms used in this letter have the same meaning as in the Prospectus, unless otherwise defined hereafter.

除非下文另有定義，否則本函中使用之定義詞彙與本公司公開說明書中之意涵相同。

I am writing to inform you that, effective from 6 April 2026 (the “**Effective Date**”), we will amend the Fund’s Investment Policy to remove its ability to invest up to 20% of its Net Asset Value (“**NAV**”) in equities in order to clarify the Fund’s focus on fixed income (or bonds). As a result of the removal, we will also:

- amend the Fund’s Investment Objective to refer to exposure to income streams in ‘global bond’ markets, rather than ‘investment’ markets, as the basis for achieving returns;
- increase the minimum amount the Fund must hold in debt (fixed income) securities from 50% to 70% of its NAV; and
- lower the maximum amount the Fund can hold in cash or near cash from 50% to 30%.

In addition to the above, and also from the Effective Date, the Fund’s benchmark (used as comparator against which the Fund’s performance is measured) will change to Bloomberg Global Aggregate Index EUR hedged.

謹致函通知您，自 2026 年 4 月 6 日 (下稱「**生效日**」) 起，我們將修訂本基金之投資政策，移除其最高可將其百分之二十之資產淨值投資於股票之能力，以明確本基金聚焦於固定收益 (或債券)。基於此移除，我們亦將：

- 修訂本基金的投資目標，將達成報酬之基礎，由對「投資」市場收益來源之曝險，改為對「全球債券」市場收益來源之曝險；
- 提高本基金必須持有債務 (固定收益) 證券之最低額度，由其資產淨值百分之五十調至百分之七十；及
- 下調本基金得持有現金或近似現金之最高額度，由百分之五十調至百分之三十。

除上述之外，同樣自生效日起，本基金用以衡量其績效之比較基準，將變更為 Bloomberg Global Aggregate Index EUR hedged。

The Fund's Investment Strategy will remain unchanged and the Fund will retain its categorisation as Article 8 under the Sustainable Finance Disclosure Regulation ("SFDR"). There will be no material change to the Fund's liquidity and risk profile, and no immediate changes to the Fund's portfolio as a result of the changes.

本基金之投資策略將維持不變，且本基金在永續金融揭露規則（「SFDR」）下之分類將維持為第 8 條。本基金之流動性及風險概況不會有重大變更，且此次變更不會對本基金投資組合造成立即變動。

Why are the changes happening?

為什麼會有這些改變？

1. Removal of equities from the Fund's investment universe

將股票自本基金投資範圍中移除

The Fund was originally launched in 2018 with the aim of providing a combination of capital growth and income based on exposure to optimal income streams in investment markets, with a minimum of 50% of its NAV invested in debt securities and up to 20% of its NAV which may be invested in equities.

本基金最初於 2018 年推出，目標在於藉由投資市場之最佳收益來源，提供資本增長及收益的結合，其中至少百分之五十之資產淨值投資於債務證券，且最多可將資產淨值百分之二十投資於股票。

Since then, the Fund's investment universe has evolved considerably and the significance of equities as a source of returns for the Fund has decreased, with equity exposure declining steadily over time and representing less than 1% of the Fund's NAV over the past three years.

自該時起，本基金投資範圍已大幅演變，且股票作為本基金回報來源之重要性業已下降，股票曝險隨時間推移穩定減少，而在過去三年僅佔本基金資產淨值不到百分之一。

With this in mind, we believe that the change will clarify the Fund's focus on fixed income and make its strategy easier to understand for investors, without compromising the Fund's ability to deliver its objective. 有鑑於此，我們認為此變更將明確本基金對固定收益之焦點，並使其策略更容易為投資人所理解，而不影響本基金達成投資目標的能力。

In order to reflect the Fund's fixed income focus, its Investment Objective will be revised to specifically refer to global bond markets. Finally, the Fund's Investment Policy will be amended to remove references to investing in equities and to adjust the permitted asset allocation as per the table below:

為反映本基金之固定收益聚焦，其投資目標將被修訂為明確指向全球債券市場。最後，本基金之投資政策將修訂以移除投資股票的相關表述，並依下表調整允許之資產配置：

	Amount the Fund can actively invest in (as % of its NAV) 本基金可主動投資之數額 (資產淨值之百分比)		
	Equities 股票	Debt securities 債務證券	Cash and near cash 現金及近似現金
Until the Effective Date 至生效日止	Up to 20% 至多 20%	At least 50% 至少 50%	Up to 50% 至多 50%
From the Effective Date 自生效日起	0% 0%	At least 70% 至少 70%	Up to 30% 至多 30%

It should be noted that although the Fund will no longer be able to actively invest in equities, there may be circumstances when it could hold equity assets as a result of corporate actions or restructuring, as provided for in the Fund's Investment Policy. This provision will also apply to any equities remaining in the Fund's

portfolio on the Effective Date, and as such the fund manager will seek to sell these assets to the extent possible and when deemed in Shareholders' best interests.

應注意，儘管本基金將不再能主動投資於股票，但根據本基金投資政策之規定，於某些情況下本基金仍可能因公司行動或重組而持有股票資產。此規定亦將適用於生效日當天本基金投資組合中仍持有之任何股票，因此基金經理人將在符合股東最佳利益之情況下，盡可能出售這些資產。

2. Change of benchmark to Bloomberg Global Aggregate Index EUR hedged 績效指標變更為 Bloomberg Global Aggregate Index EUR hedged

The Fund's performance is currently compared to a 'composite' benchmark made up of three equally-weighted indices representing investment grade corporate bonds, global high yield bonds and global treasury as follows:

- 1/3 Bloomberg Global Aggregate Corporate Index EUR hedged
- 1/3 Bloomberg Global High Yield Index EUR hedged; and
- 1/3 Bloomberg Global Treasury Index EUR hedged.

本基金之績效目前是與一個「綜合」指標比較，其由三個等權重指數組成，分別代表投資等級公司債、全球高收益債券及全球公債，如下：

- 1/3 Bloomberg Global Aggregate Corporate Index EUR hedged
- 1/3 Bloomberg Global High Yield Index EUR hedged；及
- 1/3 Bloomberg Global Treasury Index EUR hedged。

From the Effective Date, the Bloomberg Global Aggregate Index EUR hedged index (the "Index") will replace the above composite benchmark for the Fund. The Index provides a simpler and more comprehensive comparator that incorporates global government, corporate and securitised bonds at investment-grade level across multiple currencies and sectors.

自生效日起，Bloomberg Global Aggregate Index EUR hedged index（下稱「指數」）將取代本基金之上述綜合指標。該指數提供一個更簡單且更全面之比較機制，涵蓋多種貨幣與產業之投資級別全球政府債券、公司債及證券化債券。

The Index is also widely used as a benchmark by other global fixed income funds, and the change will therefore make it easier for investors to assess the Fund's performance against that of its peers.

該指數亦被其他全球固定收益基金廣泛採為績效指標，因此此變更將使投資人更容易將本基金之績效與同類基金進行比較。

This change will not result in any realignment of the portfolio as the benchmark is used solely for comparison purposes and does not constrain portfolio construction. It is therefore worth noting that although the new benchmark only includes investment grade bonds, the Fund will continue to be able to invest in high yield bonds, which the Fund's Investment Manager still views as a valuable potential source of income and diversification for the Fund.

此變更不會導致投資組合的任何重新調整，因該績效指標僅用作比較用途，且並不限制投資組合之建構。因此值得注意的是，儘管新績效指標僅包含投資等級債券，本基金仍可投資於高收益債券，而本基金之投資管理人仍視高收益債券為基金潛在的重要收益來源及風險分散來源。

3 March 2026

Dear Shareholder

**Changes to M&G (Lux) Optimal Income Fund (the “Fund”),
a sub-fund of M&G (Lux) Investment Funds 1 (the “Company”)**

This letter is for your information only. You do not need to take any action, but we recommend that you read it carefully.

Defined terms used in this letter have the same meaning as in the Prospectus, unless otherwise defined hereafter.

I am writing to inform you that, effective from 6 April 2026 (the “**Effective Date**”), we will amend the Fund’s Investment Policy to remove its ability to invest up to 20% of its Net Asset Value (“**NAV**”) in equities in order to clarify the Fund’s focus on fixed income (or bonds). As a result of the removal, we will also:

- amend the Fund’s Investment Objective to refer to exposure to income streams in ‘global bond’ markets, rather than ‘investment’ markets, as the basis for achieving returns;
- increase the minimum amount the Fund must hold in debt (fixed income) securities from 50% to 70% of its NAV; and
- lower the maximum amount the Fund can hold in cash or near cash from 50% to 30%.

In addition to the above, and also from the Effective Date, the Fund’s benchmark (used as comparator against which the Fund’s performance is measured) will change to Bloomberg Global Aggregate Index EUR hedged.

The Fund’s Investment Strategy will remain unchanged and the Fund will retain its categorisation as Article 8 under the Sustainable Finance Disclosure Regulation (“SFDR”). There will be no material change to the Fund’s liquidity and risk profile, and no immediate changes to the Fund’s portfolio as a result of the changes.

Why are the changes happening?

1. Removal of equities from the Fund's investment universe

The Fund was originally launched in 2018 with the aim of providing a combination of capital growth and income based on exposure to optimal income streams in investment markets, with a minimum of 50% of its NAV invested in debt securities and up to 20% of its NAV which may be invested in equities.

Since then, the Fund's investment universe has evolved considerably and the significance of equities as a source of returns for the Fund has decreased, with equity exposure declining steadily over time and representing less than 1% of the Fund's NAV over the past three years.

With this in mind, we believe that the change will clarify the Fund's focus on fixed income and make its strategy easier to understand for investors, without compromising the Fund's ability to deliver its objective.

In order to reflect the Fund's fixed income focus, its Investment Objective will be revised to specifically refer to global bond markets. Finally, the Fund's Investment Policy will be amended to remove references to investing in equities and to adjust the permitted asset allocation as per the table below:

	Amount the Fund can actively invest in (as % of its NAV)		
	Equities	Debt securities	Cash and near cash
Until the Effective Date	Up to 20%	At least 50%	Up to 50%
From the Effective Date	0%	At least 70%	Up to 30%

It should be noted that although the Fund will no longer be able to actively invest in equities, there may be circumstances when it could hold equity assets as a result of corporate actions or restructuring, as provided for in the Fund's Investment Policy. This provision will also apply to any equities remaining in the Fund's portfolio on the Effective Date, and as such the fund manager will seek to sell these assets to the extent possible and when deemed in Shareholders' best interests.

2. Change of benchmark to Bloomberg Global Aggregate Index EUR hedged

The Fund's performance is currently compared to a 'composite' benchmark made up of three equally-weighted indices representing investment grade corporate bonds, global high yield bonds and global treasury as follows:

- 1/3 Bloomberg Global Aggregate Corporate Index EUR hedged
- 1/3 Bloomberg Global High Yield Index EUR hedged; and
- 1/3 Bloomberg Global Treasury Index EUR hedged.

From the Effective Date, the Bloomberg Global Aggregate Index EUR hedged index (the "Index") will replace the above composite benchmark for the Fund. The Index provides a simpler and more comprehensive comparator that incorporates global government, corporate and securitised bonds at investment-grade level across multiple currencies and sectors.

The Index is also widely used as a benchmark by other global fixed income funds, and the change will therefore make it easier for investors to assess the Fund's performance against that of its peers.

continued

This change will not result in any realignment of the portfolio as the benchmark is used solely for comparison purposes and does not constrain portfolio construction. It is therefore worth noting that although the new benchmark only includes investment grade bonds, the Fund will continue to be able to invest in high yield bonds, which the Fund's Investment Manager still views as a valuable potential source of income and diversification for the Fund.
