

中國信託證券投資信託股份有限公司 公告

中華民國 115 年 4 月 1 日

中信(投信)字第 11504212001 號

主旨：本公司總代理之「(都柏林)法盛國際基金 I—法盛盧米斯賽勒斯債券基金」關於計畫合併事項之臨時股東大會(下稱「會議」)資訊及通知事宜。

說明：

- 一、本公司總代理之「(都柏林)法盛國際基金 I—法盛盧米斯賽勒斯債券基金」(下稱「被合併基金」) 擬併入「(盧森堡)法盛國際基金 I 有限公司」旗下之空殼基金(shell fund)「(盧森堡)法盛國際基金 I-法盛盧米斯賽勒斯債券基金」(下稱「接收基金」)乙案(下稱「本合併」)，業經金融監督管理委員會以中華民國 115 年 2 月 4 日金管證投字第 1140369465 號函同意在案。
- 二、被合併基金將於 2026 年 4 月 23 日中午 12 時(愛爾蘭時間)於 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland 舉行臨時股東大會。
- 三、本次臨時股東大會以審議並(如認為適當)通過下列決議案，作為被合併基金股東之決議案：

特別決議案

「茲決議：2026 年 4 月 1 日之通知書(下稱「合併通知書」)所載之合併，其內容包括將被合併基金之資產及負債移轉予接收公司之子基金法盛盧米斯賽勒斯債券基金(下稱「接收基金」)，並以在合併實施日於被合併基金股東名冊所列之股東，依合併通知書所載條件獲配發接收基金之新股份作為交換，現依合併通知書所載條件予以核准；且茲授權本公司董事代表被合併基金，於董事認為為了使合併生效所必需或適當之範圍內，採取任何行動或進行任何事項。」

四、合併之條件

- (一)被合併基金股東通過決議案(須於股東臨時大會中親自出席或以委託書方式出席之被合併基金股東所投下之票數中，至少 75%贊成該決議案)；
及
- (二)愛爾蘭中央銀行對本合併之核准及批准。

- 五、倘若股東核准本合併案，合併生效日預計為愛爾蘭時間 2026 年 6 月 12 日 23 時 59 分起生效。
- 六、被合併基金股東得於本合併生效前(截至合併贖回截止期限止)，依補充公開說明書之條款申請贖回其股份。自召開股東臨時大會之通知發送予被合併基金股東之日起，被合併基金股東得免收任何贖回費或退場費行使該贖回權利。
- 七、倘本合併於股東臨時大會獲批准，得免收任何贖回費或退場費行使前述贖回權利之最後交易日(定義如補充公開說明書所示)為 2026 年 6 月 5 日(就於被合併基金之前一營業日截止時間前提出之申請而言)。任何欲行使該權利之股東，必須於合併贖回截止期限前，依補充公開說明書所定條款提出贖回申請，且須於被合併基金行政管理人收受該等申請之適用截止期限前送達。
- 八、詳細內容請參閱(都柏林)法盛國際基金 I—法盛盧米斯賽勒斯債券基金之股東臨時大會之資訊及通知關於計畫合併事項之致股東之說明函及其附件。

本通知書係以您為（都柏林）法盛國際基金 I—法盛盧米斯賽勒斯債券基金之股東身分寄送予您。本通知書十分重要，且需要您立即注意。

如您對應採取之行動有任何疑義，請立即諮詢您的股票經紀商、財務顧問、稅務顧問、律師或其他專業顧問。

若您已出售或以其他方式移轉您於（都柏林）法盛國際基金 I—法盛盧米斯賽勒斯債券基金之持股，請將本文件及隨附之委託書表格送交買受人或受讓人，或送交辦理該等出售或移轉之股票經紀商、銀行或其他代理人，以便其儘速轉交予買受人或受讓人。

（都柏林）法盛國際基金 I 有限公司

（依修訂後之 2011 年歐洲共同體條例（可轉讓證券集體投資計畫）設立之傘型基金，子基金間具分離責任之愛爾蘭可變資本之公開有限公司，註冊號碼 267219）
（下稱「公司」）

**（都柏林）法盛國際基金 I—法盛盧米斯賽勒斯債券基金之股東臨時大會之資訊及通知
關於計畫合併事項**

應採取之行動詳載於第 15 頁。

本文件附件 C 載有（都柏林）法盛國際基金 I—法盛盧米斯賽勒斯債券基金（下稱「被合併基金」）之股東（下稱「股東」）臨時股東大會（下稱「會議」）通知；該會議將於 2026 年 4 月 23 日中午 12 時（愛爾蘭時間）在公司辦公處（地址：6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland）舉行。

請您儘速依隨附委託書表格所載指示填妥並交回該委託書表格；惟於任何情形下，務請使其於會議召開前至少 48 小時送達。

日期：2026 年 4 月 1 日

本通知書所載資訊截至本日均為正確。

UCITS	依 UCITS 規則授權之可轉讓證券集體投資計畫；及
UCITS 規則	係指 2011 年歐洲共同體（可轉讓證券集體投資計畫）規則（European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011），經修正及其當時有效之任何後續修正。

致股東之說明函

致：(都柏林)法盛國際基金 I 有限公司—法盛盧米斯賽勒斯債券基金之股東（為本公司之一子基金）（各稱「股東」，合稱「股東」）

2026 年 4 月 1 日

事由：擬將(都柏林)法盛國際基金 I - 法盛盧米斯賽勒斯債券基金（下稱「被合併基金」），亦即(都柏林)法盛國際基金 I 有限公司旗下之一檔子基金，併入法盛盧米斯賽勒斯債券基金（下稱「接收基金」），亦即(盧森堡)法盛國際基金 I 有限公司旗下之一檔子基金之計畫合併。

致股東：

1. 合併提案

台端為被合併基金之股東，我們謹以此函向您說明擬將被合併基金與一檔性質相近之基金（即接收基金，為(盧森堡)法盛國際基金 I 有限公司旗下之一檔子基金）進行合併之提案。

合併須經股東核准後方得進行。本文件附件 C 載有召開股東臨時大會（下稱「會議」）之通知，以供股東就合併提案進行審議並（如認為適當）予以核准。

本文件附件 D 隨附委託書表格，以供您於會議中行使表決權。我們促請您儘速依其所載指示填妥並交回，且無論如何應確保於會議召開前至少 48 小時送達。關於如何行使表決權之進一步資訊，將於本通知書後續段落說明。

倘股東於會議中核准合併，合併將於 2026 年 6 月 12 日 23 時 59 分（愛爾蘭時間）（下稱「生效日」）生效。合併之實施意謂於生效日，被合併基金之一切資產與負債將移轉至接收基金，並以發行新股份取代既有股份。倘您未於合併贖回截止期限前贖回既有股份，自生效日起您將成為接收基金之股東。

為審慎評估本文件所載提案，建議您首先閱讀隨附之所有文件。如您有任何疑問，請聯絡法盛國際投資管理公司或您自行委任之專業顧問。

董事認為本合併屬公平合理，且符合股東之最佳利益。我們建議您對於會議中提請表決之決議案投票贊成合併。

2. 計畫合併之背景與理由

(都柏林) 法盛國際基金 I 有限公司

6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

法盛國際投資管理公司 (NIMI) 作為本公司及被合併基金之 UCITS 基金管理公司，已就法盛國際投資管理公司 UCITS 基金產品之現行營運模式與銷售策略，以及股東相關成本與複雜度，進行全面檢視。本次檢視之目的在於為了股東之利益而決定一種結構，使股東得以在不增加相關成本之前提下，以更佳之營運效率取得法盛國際投資管理公司之 UCITS 基金產品。

經本公司董事（下稱「董事」）同意後，法盛國際投資管理公司已決定將本公司旗下子基金（包括被合併基金）移轉至規模更大、且由法盛國際投資管理公司擔任基金管理公司之（盧森堡）法盛國際基金 I 有限公司（即接收公司），此將有利於股東。

目前法盛國際投資管理公司分別於兩個不同註冊地管理本公司與接收公司兩個不同的傘型基金。接收公司為法盛國際投資管理公司之旗艦盧森堡註冊 UCITS 傘型基金，目前於全球廣泛銷售 31 檔子基金；倘本公司之子基金移轉至接收公司，接收公司之子基金數將增至 36 檔。因此，本合併係法盛國際投資管理公司之策略性措施，旨在簡化法盛國際投資管理公司所管理之 UCITS 基金產品範圍之營運架構及股東體驗，包括：

- 簡化之營運架構，包括合併後之合併帳務與單一過戶代理人聯絡窗口（針對投資於本公司及接收公司旗下子基金之股東），並使用相同之銀行帳戶資訊，此將有助於降低交割錯誤及相關利息請求之風險。此等簡化將使股東得以使用簡化之申請表及單一流程完成 KYC/AML 身分驗證，能更容易於接收公司之不同子基金間進行轉換。此外，除與單一過戶代理人之溝通流程更為簡化外，接收基金及接收公司其他子基金亦將採相同之交易日及截止時間。
- 簡化之股東體驗，包括股東得於接收公司之單一公開說明書中取得基金資訊（而非分別查閱本公司公開說明書及被合併基金之補充公開說明書），並得以在單一表格中檢視接收基金各股份級別之特性（而非如被合併基金既有補充公開說明書中分散之表格），以及得於同一份公開說明書中查看並比較由同一投資經理公司管理之接收公司其他子基金。

就投資體驗及相關費用而言，被合併基金之股東於合併後不會受到不利影響。

股東於取得接收基金之新股份後，將可更容易將該等新股份交換為接收公司任何其他子基金之股份。

本合併不會影響被合併基金股東之核心投資主張，投資經理公司於接收基金之投資方法與策略將維持一致。由於投資經理公司之投資組合管理團隊及其投資流程將保持不變，被合併基金股東在接收基金中仍將獲得品質相近之投資管理。因此，被合併基金之績效紀錄將移轉至接收基金。

(都柏林) 法盛國際基金 I 有限公司

6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

就費用而言，儘管接收基金將於盧森堡負擔盧森堡認購稅 (taxe d'abonnement) (被合併基金於愛爾蘭目前不負擔該費用)，但該費用已透過相應調降接收基金各股份級別之總費用予以反映。被合併基金與接收基金之費用與支出之詳細比較載於本通知書附件 B。

因此，法盛國際投資管理公司以本公司之 UCITS 基金管理公司身分，已向董事建議進行本合併。

3. 接收基金及其與被合併基金之比較

接收基金為接收公司 (盧森堡) 法盛國際基金 I 有限公司旗下之一檔 UCITS 子基金，係為本次計畫合併而設立。接收基金尚未上架，被合併基金之股東將成為其首批股東。

被合併基金與接收基金之主要特徵大致相同。本合併不會就被合併基金目前之投資目標與政策、投資策略及風險概況產生任何重大變更。投資經理公司將以相同之投資組合經理團隊持續管理接收基金，且投資經理公司之投資理念與策略不會改變。

此外，接收基金之管理將沿用投資經理公司對永續投資之方法，與被合併基金現行做法一致。就永續金融揭露規則 (SFDR) 之目的而言，被合併基金與接收基金均分類為第 6 條基金。

接收基金之投資目標與政策及投資策略，與被合併基金在任何重大方面均無差異。儘管接收基金之補充公開說明書使用略有不同且較為精簡之文字風格，惟該風格符合接收公司其他子基金所採用之揭露方式，且接收基金與被合併基金將採相同之投資目標與政策，並將持續使用相同之投資策略。

就此，請參見本通知書附件 B，其載明被合併基金與接收基金整體特徵之比較。

該等文件屬重要文件，提供接收基金之若干關鍵資訊，以協助您在知情的情況下就本次計畫合併作出決定。我們建議您於評估合併提案時撥冗閱讀。

4. 計畫合併及其對股東之影響

(a) 資產與負債之移轉

本次計畫合併將於生效日由被合併基金向接收基金交付及/或移轉被合併基金之一切資產與負債，作為向被合併基金股東發行新股份之交換。適用於合併及資產與負債移轉之規則載於本通知書附件 A 之合併條款。

(b) 對持股與股東權利之影響及新股份之發行

(都柏林) 法盛國際基金 I 有限公司

6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

本次計畫合併生效前後，您作為被合併基金股東之權利並無差異。您作為接收基金股東，將在所有重大方面享有與原先相同之權利。

下表載明合併中將就各既有股份級別交換發行之新股份級別。股東依合併取得之新股份之類型及特性（例如：配息或累積、避險或未避險），以及新股份之其他特性（例如：最高申購費、贖回費或遞延銷售費用(CDSC)、最低初始投資額及最少持股數額），將與股東目前持有之既有股份之類型及特性相對應，但下列例外情形除外：

- 最低金額幣別：既有股份係以各自既有股份之幣別揭露最低初始申購額與最少持股數額；新股份則以接收基金之參考幣別揭露最低初始投資額與最少持股數額或其等值數額。就以不同於接收基金參考幣別之幣別計價（即報價幣別）之新股份，其相對應之最低投資額與最少持股數額，將為以接收基金參考幣別計價之該新股份級別之最低投資額與最少持股數額，乘以參考幣別與報價幣別間之匯率（以任何主要銀行於截止時間前可得之最新收盤匯率為準）。
- CT 級別：既有股份之最低初始申購額為 1,000 美元，而新股份不設最低初始投資額；既有股份之最少持股數額為 1 股，而新股份不設最少持股數額。

既有股份	ISIN 既有 ISIN	既有費用 (每年 %)	新股份	新 ISIN	新總費用 (每 年%)	稅* (每 年%)	新總費用 率 (每年 %)
CT/A (美元)	IE00BF4HXJ13	2.50	CT/A (美元)	LU3215470793	2.45	0.05	2.50
CT/DM (美元)	IE00BF4HXK28	2.50	CT/DM (美元)	LU3215470876	2.45	0.05	2.50

R/DM (美元)	IE00B3F05Z53	1.50	R/DM (美元)	LU3211767713	1.45	0.05	1.50
RE/DM (H-澳幣)	IE00BF4HXF74	1.80	RE/DM (H-澳幣)	LU3215470520	1.75	0.05	1.80
RE/A (美元)	IE00B5Q4WK41	1.80	RE/A (美元)	LU3211767986	1.75	0.05	1.80
RE/D (美元)	IE00BZ1F8X74	1.80	RE/D (美元)	LU3215471684	1.75	0.05	1.80
RE/DM (美元)	IE00BF4HXG81	1.80	RE/DM (美元)	LU3215470363	1.75	0.05	1.80

* 盧森堡認購稅 (taxe d'abonnement) – 請參閱本通知書下文第 8 節「合併費用」。

將分配予被合併基金股東之新股份數量，將依合併評價時點適用之換股比率，並以被合併基金及接收基金各自之淨資產價值為基礎決定（即「換股比率」）。

換股比率應為 1:1，亦即，基於接收基金於合併評價時點不包含任何資產或負債，既有股份之每股淨資產價值將等同於對應新股份之每股淨資產價值，因此將向各股東發行接收基金相對應股份級別之同等數量新股份。

(都柏林) 法盛國際基金 I 有限公司

6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

持有既有股份零股之股東，將取得接收基金中等值之新股份零股。合併不會對於股東持有之零股向股東支付任何現金款項。

因此，您可預期將獲發與您既有之既有股份數量相同之新股份，且新股份之總價值將等同於生效日您既有股份之價值。

合併完成後，將於生效日起 5 個營業日內以書面通知股東其所持有之新股份。

(c) 對績效之影響

預期合併不會影響風險及報酬表現潛力。接收基金將沿用被合併基金之績效紀錄。

被合併基金與接收基金均非相對於特定參考指數進行管理。然而，僅供指標性參考之目的，被合併基金及接收基金之績效得與 Bloomberg US Government/Credit Index (Total Return) 比較。

(d) 費用及支出

與合併之準備及完成相關之法律、諮詢及行政管理成本，將由法盛國際投資管理公司負擔。

接收基金取得被合併基金資產（作為合併執行之直接結果）時，被合併基金直接發生並應支付之任何稅負及費用（包括移轉稅及印花稅）將由法盛國際投資管理公司負擔。所有其他因合併執行所生或附隨之成本及支出（例如生效日前對被合併基金投資組合之任何調整）亦將由法盛國際投資管理公司負擔。舉例而言，就接收基金於特定司法管轄區辦理銷售註冊一事，若被合併基金之相關股份級別已在該司法管轄區完成註冊，則該等註冊成本將由法盛國際投資管理公司負擔；否則，該等成本對於被合併基金股東將構成「重複成本」。

自合併生效日起，接收基金將須負擔盧森堡認購稅 (taxe d'abonnement)。此係被合併基金股東目前於愛爾蘭並未負擔之費用；為確保被合併基金股東不因合併而處於較不利狀態，如上文第 4 節之股份級別交換表所示，接收基金各股份級別之總費用已依各該股份級別適用之盧森堡認購稅稅率作相對應之等幅調降。

被合併基金及接收基金之整體費用與支出，載於附件 B「費用及支出」章節。

(e) 與永續性相關之資產配置

被合併基金與接收基金在投資時將採行相近之永續性投資方法，且具相同之資產配置限制。就 SFDR 而言，被合併基金及接收基金均歸類為第 6 條基金。

(f) 風險概況

董事認為，綜合比較被合併基金與接收基金之投資政策特性，本次合併不涉及風險概況之變更。特別是，接收基金之 SRI 預期將與被合併基金相同。

(g) 服務機構

提供行政管理及存託服務之機構以及查核會計師將依下表所示變更。投資經理公司將持續擔任投資管理角色。法盛國際投資管理公司將繼續擔任 UCITS 基金管理公司。

	被合併基金	接收基金
基金管理公司	法盛國際投資管理公司	法盛國際投資管理公司
投資經理公司	Loomis Sayles & Company, L.P.	Loomis Sayles & Company, L.P.
行政管理人	Brown Brothers Harriman Fund Administration Services (Ireland)	Brown Brothers Harriman (Luxembourg) S.C.A.
存託機構	Brown Brothers Harriman Trustee Services (Ireland) Limited	Brown Brothers Harriman (Luxembourg) S.C.A.
查核會計師	PricewaterhouseCoopers, Chartered Accountants, Dublin	PricewaterhouseCoopers Assurance, Société Cooperative

(h) 交易條款及程序

為配合接收公司之營運模式，接收基金相較於被合併基金，其交易程序將有部分差異如下：

	被合併基金	接收基金
交易頻率	每日	每日
交易日	都柏林之銀行開放營業且紐約證券交易所開市之任何一日	盧森堡之任何完整銀行營業日
申購／贖回申請截止時間	每一交易日愛爾蘭時間下午 4:00	每一交易日盧森堡時間 13:30
交割時間	交易日後第 3 個營業日	交易日後第 3 個營業日

(i) 會計日期

接收公司之會計年度結束日為每年 12 月 31 日。因此，接收公司將編製截至每年 12 月 31 日之年報及經查核之財務報表，並編製截至每年 6 月 30 日之未經查核半年度財務報表。接收公司之年報及中期報告與財務報表副本，將於相關財務期間結束後，依 CSSF 規定之期限，透過法盛網站 www.im.natixis.com 提供接收基金股東查閱。

(j) 投資人申請文件及 KYC

預期您就申購被合併基金股份而提供予本公司之所有文件（例如原始簽署人名冊／授權書（如適用）、銀行資料以及原始洗錢防制驗證文件）如已被認定為滿足相關條件，於合併後亦將被視為適用於您在接收基金之持股。

(k) 註冊狀態

接收基金將於歐洲經濟區各會員國（對應於被合併基金目前已正式註冊向公眾銷售之會員國）完成正式註冊，以向公眾行銷。

5. 投資組合影響

於更具效率且可行之情形下，被合併基金所持有之證券將於生效日以實物移轉（in specie）方式移轉至接收基金。然而，舉例而言，部分衍生性商品契約或證券化投資之交易對手可能要求就被合併基金與接收基金分別將相關安排平倉並重新建立，而非以移轉部位之方式處理。在此情形下，被合併基金投資組合中之相關部位將於生效日當日或之前不久平倉，並於該時點為接收基金建立相同部位。因此，預期股東不致因合併而在任何重大程度上脫離市場。因平倉及重新建立該等衍生性商品契約及證券化投資所產生之任何成本，將由法盛國際投資管理公司負擔。

接收基金係為合併目的所設立，尚未上架，且目前無任何股東。接收基金將於合併時上架，並於吸收被合併基金全部資產與負債後，依接收基金之投資目標與政策及投資策略管理其投資組合。

6. 合併之稅務影響

以下為我們對合併之部分愛爾蘭稅務影響之理解摘要，係以目前適用之愛爾蘭法令及愛爾蘭稅務機關已發布之實務作法為基礎，並以將其股份作為投資而受益持有之股東為對象。該摘要可能不適用於特定類型股東，且不構成法律或稅務建議，並可能於未經通知之情況下變更。以下說明屬一般性質，並非所有相關稅務考量之完整說明。

您因合併所生之稅務影響，可能因您之具體情況，以及您居住地、國籍或住所地之法律與法規而有所不同。

股東應注意，視其個別情況，合併可能在稅務方面產生一定影響。股東應就此審慎評估自身立場；如對其就合併之個人稅務狀況有任何疑義，應立即向其獨立專業顧問尋求獨立意見。

愛爾蘭課稅

以下為合併之部分愛爾蘭稅務影響摘要，適用於僅在愛爾蘭居住且以愛爾蘭為住所地之股東。依愛爾蘭稅法下之重整或合併計畫（即本次合併），被合併基金將

(都柏林) 法盛國際基金 I 有限公司

6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

其全部資產與負債移轉予接收基金，並由接收基金按被合併基金股東於被合併基金之持有比例向其發行新股份，以作為交換者，並不構成課稅事件。亦即，被合併基金之既有股份經由交換為接收基金新股份而被註銷，並不構成課稅事件。因此，就被合併基金之現有投資人而言，其既有股份之交換與註銷，以及取得接收基金新股份之行為，不會產生任何愛爾蘭稅負。合併後，與股東所持接收基金新股份相關之課稅事件（例如後續之分配與處分）將依一般規則課稅。

7. 您有關合併之權利

就本次之合併計畫您享有包含以下之權利：

- a) UCITS 規則要求編製一份報告，用以驗證於適用換股比率之日，就被合併基金資產估值所採用標準之合理性，以及換股比率之依據與理由，並載明於適用該比率之日所決定之實際換股比率（即用以決定您將於接收基金取得之新股份數量之比率）。

當該報告於合併完成後可供取得時，您有權向查核會計師索取該報告之副本且不收取費用；您得透過下列網站聯絡法盛國際投資管理公司以取得該報告：
www.im.natixis.com

- b) 於合併生效前，您有權免付任何贖回費或退出費用贖回您於被合併基金之投資；惟如股東所持既有股份適用遞延銷售費用（CDSC），則該遞延銷售費用亦將適用於發行予該股東之新股份；亦即，若該等新股份被贖回，遞延銷售費用之費率將以被合併基金之申購日期及接收基金之贖回日期計算並適用之。倘合併獲核准，行使本項贖回權利之最後期限為合併贖回截止日期（請參閱上文第 2 頁之合併時程表）。

贖回申請須依本公司公開說明書所載程序辦理。若您未於合併贖回截止日期前完成贖回，則自生效日起，您將成為接收基金之股東。您得自接收基金之首次交易日起贖回您的新股份（請參閱上文第 2 頁之合併時程表）。關於新股份之交易申請，將依接收基金之公開說明書所載交易程序辦理。

- c) 如您就合併需要進一步或其他資訊，請聯絡行政管理人（natixis_dublin@bbh.com）或法盛國際投資管理公司（ClientServicingAM@natixis.com）。

8. 合併成本

與合併之準備及完成相關之法律、諮詢及行政管理成本，將由法盛國際投資管理公司負擔。

接收基金取得被合併基金資產（作為合併執行之直接結果）時，被合併基金直接發生並應支付之任何稅負及費用（包括移轉稅及印花稅）將由法盛國際投資管理公司負擔。所有其他因合併執行所生或附隨之成本及支出（例如生效日前對被合

併基金投資組合之任何調整) 亦將由法盛國際投資管理公司負擔。舉例而言，就接收基金於特定司法管轄區辦理銷售註冊一事，若被合併基金之相關股份級別已在該司法管轄區完成註冊，則該等註冊成本將由法盛國際投資管理公司負擔；否則，該等成本對於被合併基金股東將構成「重複成本」。

自合併生效日起，接收基金將須負擔盧森堡認購稅 (taxe d'abonnement)。此係被合併基金股東目前於愛爾蘭並未負擔之費用；為確保被合併基金股東不因合併而處於較不利狀態，接收基金各股份級別之總費用已依各該股份級別適用之盧森堡認購稅稅率作相對應之等幅調降。

9. 程序

(a) 合併適用之條件

合併須以下列事項為條件：

- (i) 被合併基金股東通過決議案；以及
- (ii) 合併經愛爾蘭央行審查完成並核准。

(b) 會議及表決程序

股東會議訂於 2026 年 4 月 23 日中午 12 時召開。會議通知載於本通知書附件 C，並載明使合併生效所需之決議案全文。

未取得被合併基金股東之必要核准，合併不得進行。為使決議案通過，須取得出席會議（親自或委託代理人出席）之被合併基金股東所投票數中，至少 75% 之支持。決議案一經通過，無論各股東如何投票（或是否投票），均對全體股東具有拘束力。

被合併基金會議之法定出席人數為兩名有權就會議事項投票之股東。股東得親自出席，或由其指定之代理人出席（供股東填寫並交回之委託書格式載於附件 D）。如於會議指定時間起算半小時內未達法定出席人數，會議將延會至次週同日於相同時間及地點召開，或延至董事決定之其他時間及地點。延會之法定出席人數為至少一名親自或由代理人出席之股東。原會議以委託代理人投下之票，將保留並於延會時使用。

股東將於會議結果確定後即時獲通知。會議結果亦將公布於 www.im.natixis.com。

不欲參與合併之股東，須於合併贖回截止日期前申請贖回其既有股份；否則，倘合併經會議批准並續行辦理，該等既有股份將自動納入合併。自本通知書出具之日起至前述第 2 頁所載之合併贖回截止日期止，股東有權無須負擔費用（惟不包括為支付撤資成本所需之任何費用）而申請贖回其既有股份。

倘決議案通過，合併贖回截止日期後將不再就既有股份進行任何交易，且股東名冊將於合併贖回截止日期後關閉至生效日止。因此，被合併基金之既有股份之申

(都柏林) 法盛國際基金 I 有限公司

6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

購及贖回將暫時停止至生效日止。合併贖回截止日期後所收受之既有股份交易申請，將不予受理。未於合併贖回截止日期前申請贖回既有股份之股東，將自動納入合併。

未於合併贖回截止日期前申請贖回既有股份之股東，無須採取任何其他行動，即將於合併下取得新股份。該等股東將被視為已同意：自生效日起，其於接收基金之投資將受接收基金公開說明書之條款拘束。

此外，該等股東並確認及同意：其於原始申購被合併基金時向本公司所作之一切聲明、保證及承諾，將持續完全有效，並自生效日起，應解釋為其就於接收基金之持續投資而向接收公司所作之聲明、保證及承諾。

參與合併並以其既有股份換取新股份之股東，得自上文第 2 頁所載就該等新股份開始交易之首次交易日起，行使其作為接收基金股東之權利。

如股東未通過所需之決議案，則被合併基金既有股份之交易將於會議（含任何延會）後繼續進行。

如股東通過所需之決議案，則本次計畫合併將依合併條款（附件 A），於生效日向接收基金交付及／或移轉被合併基金之資產及負債，作為向股東發行新股份之交換。

合併下發行新股份不收取任何首次申購費。

(c) 合併時程表

請參閱上文第 2 頁之合併時程表，其載明與合併相關之重要日期。

10. 獨立人士報告

依規則第 59 條規定，本公司之存託機構及接收公司之存託機構，已就合併之若干特定事項向愛爾蘭央行提出書面驗證。依規則第 60 條規定，接收公司之查核會計師將就下列事項進行驗證：

- 於生效日就被合併基金資產及負債（如適用）估值所採用之標準；以及
- 換股比率之計算方法，以及於計算該比率之日之實際換股比率。

生效日後，接收公司之查核會計師將編製一份報告，載明其就上述事項之查核結果；股東得向行政管理人申請免費取得該報告。

11. 可供查閱之其他資訊與文件

本通知書隨附下列文件，建議您詳加閱讀：

- 合併條款 (UCITS 規則第 58 條所要求者) 載於附件 A。
- 被合併基金與接收基金之主要特性比較載於附件 B。
- 如上所述, 亦隨附會議通知 (附件 C) 及供您填寫並交回以行使您就合併投票權之委託書 (附件 D)。

自本通知書日起至會議日止 (含會議日當日), 且如決議案通過並進行合併者, 自本通知書日起至生效日止 (含生效日當日), 下列文件可依申請提供, 或可於任何營業日之一般營業時間內, 於本公司及接收公司 (視情形而定) 之註冊辦公處所供查閱:

- 本公司之公開說明書、補充公開說明書及章程;
- 接收基金公開說明書及其組織文件; 以及
- 接收公司最新年度及期中報告。

股東得依上文所述取得接收公司查核會計師報告之副本; 惟請注意, 該報告僅能於合併完成後提供。

於本通知書日起至生效日止期間內, 提出申購申請或要求提供前述文件副本之股東, 將獲提供本通知書及接收基金之簡式公開說明書 (KID)。

12. 修訂

如有必要或適當, 得依愛爾蘭央行之要求, 就合併之條件及其實施方法作出調整; 惟若任何該等調整, 依董事意見且與存託機構及查核會計師 (視情形而定) 諮商後, 認為屬非重大性質者, 不在此限。

被合併基金股東將就任何該等修訂 (尤其涉及擬議時程之修訂者) 獲通知。

13. 應採取之行動

綜上所述, 為實施合併, 須完成下列事項:

- (i) 取得一切必要之監理或其他核准及/或同意 (並以(ii)為條件);
- (ii) 股東通過決議案以核准合併;
- (iii) 實施被合併基金資產及負債移轉至接收基金; 以及
- (iv) 於接收基金發行新股份。

董事認為, 合併屬公平合理, 並符合全體股東之最佳利益。董事建議您投票支持將於會議中提出之決議案。

請務必行使您就本次會議之投票權, 填妥並交回隨附之委託書, 使其於會議召開前 48 小時送達。填妥之委託書得以電子郵件寄送至 fundscosec@williamfry.com, 或以郵寄方

(都柏林) 法盛國際基金 I 有限公司
6th Floor, 2 Grand Canal Square, Dublin 2, Dublin, D02 A342, Ireland

式寄送至：6th Floor, 2 Grand Canal Square, Dublin 2, Ireland (並註明收件人為 (都柏林) 法盛國際基金 I 有限公司之公司秘書)。

如您就本通知書有任何疑問，請聯絡您於法盛國際投資管理公司之聯絡窗口或行政管理人。

謹此

董事

合併條款

締約方

(都柏林)法盛國際基金 I—法盛盧米斯賽勒斯債券基金
((都柏林)法盛國際基金 I 有限公司之子基金)

及

法盛盧米斯賽勒斯債券基金
((盧森堡)法盛國際基金 I 有限公司之子基金)

1. 合併類型及所涉UCITS之識別

下列合併條款，係由 (都柏林)法盛國際基金 I 有限公司 (下稱「本公司」) 之董事及 (盧森堡)法盛國際基金 I 有限公司 (下稱「接收公司」) 之董事，就 (都柏林)法盛國際基金 I—法盛盧米斯賽勒斯債券基金 (本公司之子基金) (下稱「被合併基金」) 與法盛盧米斯賽勒斯債券基金 (接收公司之子基金) (下稱「接收基金」) 之計畫合併 (下稱「本合併」) 所共同議定。

本合併如生效，依 UCITS 規則第 3(1)條就「合併」之定義所列(a)款規定，構成吸收合併。

本文件中所用但未另行定義之用語，於適當情形下，應具本公司之公開說明書 (下稱「本公司公開說明書」) 及被合併基金之補充公開說明書 (下稱「補充公開說明書」) (其中載有被合併基金相關資訊) 以及接收公司之公開說明書 (其中載有接收基金相關資訊) 所賦予之意義。

2. 計畫合併之背景及理由

法盛國際投資管理公司 (NIMI) 作為本公司及被合併基金之 UCITS 基金管理公司，已就法盛國際投資管理公司 UCITS 基金產品之現行營運模式與銷售策略，以及股東相關成本與複雜度，進行全面檢視。本次檢視之目的在於為了股東之利益而決定一種結構，使股東得以在不增加相關成本之前提下，以更佳之營運效率取得法盛國際投資管理公司之 UCITS 基金產品。

經本公司董事 (下稱「董事」) 同意後，法盛國際投資管理公司已決定將本公司旗下子基金 (包括被合併基金) 移轉至規模更大、且由法盛國際投資管理公司擔任基金管理公司之 (盧森堡)法盛國際基金 I 有限公司 (即接收公司)，此將有利於股東。

目前法盛國際投資管理公司分別於兩個不同註冊地管理本公司與接收公司兩個不同的傘型基金。接收公司為法盛國際投資管理公司之旗艦盧森堡註冊 UCITS 傘型基金，目前於全球廣泛銷售 31 檔子基金；倘本公司之子基金移轉至接收公司，接收公司之子基金數將增至 36 檔。因此，本合併係法盛國際投資管理公司之策略性措

施，旨在簡化法盛國際投資管理公司所管理之 UCITS 基金產品範圍之營運架構及股東體驗，包括：

- 簡化之營運架構，包括合併後之合併帳務與單一過戶代理人聯絡窗口（針對投資於本公司及接收公司旗下子基金之股東），並使用相同之銀行帳戶資訊，此將有助於降低交割錯誤及相關利息請求之風險。此等簡化將使股東得以使用簡化之申請表及單一流程完成 KYC/AML 身分驗證，能更容易於接收公司之不同子基金間進行轉換。此外，除與單一過戶代理人之溝通流程更為簡化外，接收基金及接收公司其他子基金亦將採相同之交易日及截止時間。
- 簡化之股東體驗，包括股東得於接收公司之單一公開說明書中取得基金資訊（而非分別查閱本公司公開說明書及被合併基金之補充公開說明書），並得以在單一表格中檢視接收基金各股份級別之特性（而非如被合併基金既有補充公開說明書中分散之表格），以及得於同一份公開說明書中查看並比較由同一投資經理公司管理之接收公司其他子基金。

就投資體驗及相關費用而言，被合併基金之股東於合併後不會受到不利影響。

股東於取得接收基金之新股份後，將可更容易將該等新股份交換為接收公司任何其他子基金之股份。

本合併不會影響被合併基金股東之核心投資主張，投資經理公司於接收基金之投資方法與策略將維持一致。由於投資經理公司之投資組合管理團隊及其投資流程將保持不變，被合併基金股東在接收基金中仍將獲得品質相近之投資管理。因此，被合併基金之績效紀錄將移轉至接收基金。

就費用而言，儘管接收基金將於盧森堡負擔盧森堡認購稅（taxe d'abonnement）（被合併基金於愛爾蘭目前不負擔該費用），但該費用已透過相應調降接收基金各股份級別之總費用予以反映。被合併基金與接收基金之費用與支出之詳細比較載於通知書附件 B。

因此，法盛國際投資管理公司以本公司之 UCITS 基金管理公司身分，已向董事建議進行本合併。

董事認為，將被合併基金合併至接收基金符合股東之最佳利益。

本合併之生效，須經被合併基金股東批准。為此，將召開被合併基金之臨時股東大會，以提出並表決批准本合併之決議案（下稱「會議」）。

於會議（或其任何延會）中親自出席或以委託書方式出席之被合併基金股東有效投下之票數，須有至少 75% 贊成該決議案，本合併始得獲准。

倘本合併於會議獲批准，則於 2026 年 6 月 12 日營業結束時仍為被合併基金股東之全體股東均受其拘束，不論其是否投票贊成本合併，甚或未投票。未於合併贖回截止期限前申請贖回其於被合併基金所持股份（下稱「既有股份」）之股東，於本合併下無須採取任何進一步行動，即獲配發接收基金之股份（下稱「新股份」）。該

等股東將被視為同意，自生效日起，其於接收基金之投資將受接收基金公開說明書之條款所拘束。

3. 合併之生效日

如核准本合併之決議案於會議中獲通過，本合併本身將於 2026 年 6 月 12 日 23 時 59 分（愛爾蘭時間）（下稱「生效日」）生效。

4. 適用於資產移轉及股份交換之規則

本合併如生效，將導致於生效日將被合併基金之全部資產及負債移轉至接收基金。

同時，作為被合併基金向接收基金移轉上述資產及負債之交換，於生效日持有被合併基金股份之人士，其於被合併基金之股份將被註銷，並將獲發接收基金之新股份（下稱「新股份」）。

下表載明本合併中將就各既有股份級別交換發行之新股份級別。股東依本合併取得之新股份之類型及特性（例如：配息或累積、避險或未避險），以及新股份之其他特性（例如：最高申購費、贖回費或遞延銷售費用(CDSC)、最低初始投資額及最少持股數額），將與股東目前持有之既有股份之類型及特性相對應，但下列例外情形除外：

- 最低金額幣別：既有股份係以各自既有股份之幣別揭露最低初始申購額與最少持股數額；新股份則以接收基金之參考幣別揭露最低初始投資額與最少持股數額或其等值數額。就以不同於接收基金參考幣別之幣別計價（即報價幣別）之新股份，其相對應之最低投資額與最少持股數額，將為以接收基金參考幣別計價之該新股份級別之最低投資額與最少持股數額，乘以參考幣別與報價幣別間之匯率（以任何主要銀行於截止時間前可得之最新收盤匯率為準）。
- CT 級別：既有股份之最低初始申購額為 1,000 美元，而新股份不設最低初始投資額；既有股份之最少持股數額為 1 股，而新股份不設最少持股數額。

既有股份	ISIN 既有 ISIN	既有費用 (每年 %)	新股份	新 ISIN	新總費用(每 年%)	稅*(每 年%)	新總費用 率(每年 %)

* 盧森堡認購稅 (taxe d'abonnement) - 請參閱本合併條款下文第 8 節「合併之成本影響」

預期您就申購被合併基金股份而提供予本公司之所有文件（例如原始簽署人名冊／授權書（如適用）、銀行資料以及原始洗錢防制驗證文件）如已被認定為滿足相關條件，於合併後亦將被視為適用於您在接收基金之持股。

此外，倘本合併獲批准，預期被合併基金股東於申請被合併基金股份時所作之聲明與保證，將被視為就其於接收基金之持股再次作出該等聲明與保證。

於生效日尚未分配之應計收入、股息及應收收益，將納入被合併基金淨資產價值之計算，並作為本合併之一部分移轉至接收基金。任何該等可歸屬於被合併基金股息分派級別之尚未分配應計收入、股息及應收收益，將於生效日後接收基金之下一次分派日予以分派。

如既有股份之股息分派級別股東目前已有將收益再投資之指示，該等指示亦將同樣延續，並於生效日後適用於新股份之股息分派級別。

就將發行予被合併基金股東之新股份，不得課收任何申購費或其他費用；惟如某股東所持既有股份適用 CDSC，則該 CDSC 亦將適用於發行予該股東之新股份，且於該等新股份贖回時，CDSC 費率之適用將以其於被合併基金之申購日及其於接收基金之贖回日為計算基礎。

於本合併生效時及生效後，於生效日被合併基金已發行之全部股份均應予註銷，且被合併基金將依 UCITS 規則第 66(1)(c)條自生效日起消滅。

5. 於計算換股比率之日採用之資產及負債（如適用）評價標準（如 UCITS 規則第 65(1)條所指者）

被合併基金各股份級別於適用換股比率之日（即 UCITS 規則第 65(1)條所稱之換股比率之日）之淨資產價值，應依本公司章程及本公司公開說明書所定之淨資產價值計算評價原則，並以 2026 年 6 月 12 日被合併基金於其評價時點之評價結果計算之（下稱「合併評價時點」）。

6. 換股比率之計算方法及新股份之發行數量

將分配予被合併基金股東之新股份數量，將依合併評價時點適用之換股比率，並以被合併基金及接收基金各自之淨資產價值為基礎決定（即「換股比率」）。

換股比率應為 1:1，亦即，基於接收基金於合併評價時點不包含任何資產或負債，既有股份之每股淨資產價值將等同於對應新股份之每股淨資產價值，因此將向各股東發行接收基金相對應股份級別之同等數量新股份。

7. 本合併對被合併基金及接收基金股東之預期影響

對被合併基金股東之影響

被合併基金與接收基金之主要特徵大致相同。本合併不會就被合併基金目前之投資

目標與政策、投資策略及風險概況產生任何重大變更。投資經理公司將以相同之投資組合經理團隊持續管理接收基金，且投資經理公司之投資理念與策略不會改變。

此外，接收基金將依投資經理公司之永續投資方法進行管理，並與被合併基金現行作法一致。就 SFDR 而言，被合併基金與接收基金均歸類為第 6 條基金。

接收基金之投資目標與政策及投資策略，與被合併基金者並無任何重大差異。本合併生效後，將代表被合併基金股東所採行之投資目標與政策，將為接收基金之投資目標與政策，其完整內容載於通知書附件 B。

預期本合併不會對風險及報酬之績效潛力造成任何影響。接收基金將沿用被合併基金之績效紀錄。董事認為，鑑於被合併基金與接收基金投資政策之比較特徵，本合併不會造成風險概況之變更。

被合併基金股東於合併後不會受到任何重大影響。

被合併基金與接收基金各自之費用及收費之詳細比較載於通知書附件 B。

對接收基金之影響

接收基金係為合併目的所設立，尚未上架，且目前無任何股東。接收基金將於合併時上架，並於吸收被合併基金全部資產與負債後，依接收基金之投資目標與政策及投資策略管理其投資組合。

8. 合併之成本影響

與合併之準備及完成相關之法律、諮詢及行政管理成本，將由法盛國際投資管理公司負擔。

接收基金取得被合併基金資產（作為合併執行之直接結果）時，被合併基金直接發生並應支付之任何稅負及費用（包括移轉稅及印花稅）將由法盛國際投資管理公司負擔。所有其他因合併執行所生或附隨之成本及支出（例如生效日前對被合併基金投資組合之任何調整）亦將由法盛國際投資管理公司負擔。舉例而言，就接收基金於特定司法管轄區辦理銷售註冊一事，若被合併基金之相關股份級別已在該司法管轄區完成註冊，則該等註冊成本將由法盛國際投資管理公司負擔；否則，該等成本對於被合併基金股東將構成「重複成本」。

自合併生效日起，接收基金將須負擔盧森堡認購稅（taxe d'abonnement）。此係被合併基金股東目前於愛爾蘭並未負擔之費用；為確保被合併基金股東不因合併而處於較不利狀態，如上文第 4 節之股份級別交換表所示，接收基金各股份級別之總費用已依各該股份級別適用之盧森堡認購稅稅率作相對應之等幅調降。

9. 合併之條件

本合併之條件如下：

- 被合併基金股東通過決議案（須於股東臨時大會中親自出席或以委託書方式出席之被合併基金股東所投下之票數中，至少75%贊成該決議案）；及
- 愛爾蘭中央銀行（下稱「愛爾蘭央行」）對本合併之核准及批准。

10. 修訂

如有必要或適當，得依愛爾蘭央行之要求，就合併之條件及其實施方法作出調整；惟若任何該等調整，依董事意見且與存託機構及查核會計師（視情形而定）諮商後，認為屬非重大性質者，不在此限。被合併基金股東將就任何該等修訂（尤其涉及擬議時程之修訂者）獲通知。

11. 結語

在股東臨時大會批准本合併之前提下，被合併基金既有股份之所有交易將於通知書第2頁所載期間內暫時停止交易。此舉係為儘可能以有序方式使本合併生效。

被合併基金股東得於本合併生效前（截至合併贖回截止期限止），依補充公開說明書之條款申請贖回其股份。自召開股東臨時大會之通知發送予被合併基金股東之日起，被合併基金股東得免收任何贖回費或退場費行使該贖回權利。

倘本合併於股東臨時大會獲批准，得免收任何贖回費或退場費行使前述贖回權利之最後交易日（定義如補充公開說明書所示）為2026年6月5日（就於被合併基金之前一營業日截止時間前提出之申請而言）。任何欲行使該權利之股東，必須於合併贖回截止期限前，依補充公開說明書所定條款提出贖回申請，且須於本公司行政管理人收受該等申請之適用截止期限前送達。

12. 合併時程表

與本合併相關之重要日期載於通知書第2頁。

附件 B
(都柏林) 法盛國際基金 I—法盛盧米斯賽勒斯債券基金
被合併基金與接收基金之主要特性比較

下表摘要說明被合併基金與接收基金之部分主要特性。

項目	被合併基金	接收基金
	除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。	除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。
法律結構	各子基金間具分隔責任之傘型投資公司下之 UCITS 子基金。	由多個獨立子基金所組成之盧森堡可變資本投資公司之 UCITS 子基金。
核准日期	2000 年 8 月 24 日	2025 年 10 月 24 日
網站 (可取得公開說明書、簡式公開說明書及 SFDR 產品資訊)	https://www.im.natixis.com/en-intl/funds	https://www.im.natixis.com/en-intl/funds
投資目標及政策		
投資目標	(都柏林) 法盛國際基金 I—盧米斯賽勒斯債券基金的投資目標，係透過結合定期收益及資本增值的方式獲得高額的投資總收益。	法盛盧米斯賽勒斯債券基金之投資目標在利用收益與資本增值之投資組合以達高投資報酬。
投資政策與策略	<p>投資經理公司得依據市場條件的變動，於各類型證券間調動本基金之資產。投資經理公司運用其廣泛的信用分析來判斷證券的信用及資本增值的潛力。其採用靈活方式來鑑別全球金融市場中之具有以下特徵之證券，包括與經濟價值相比，價值被低估、具有較強或增強信用政策之被低估的信用評等，及有吸引力的收益率（雖然並非所有選定的證券皆有以上特徵）。</p> <p>本基金為積極管理。在決定買進或售出證券時，投資經理公司除其他事項外，得考量發行人之財務實力、目前利率、目前估計價值、其預期關於未來利率變動及與投資經理公司對特定投資潛在的投資報酬之風險水平之預期之比較。投資經理公司整體而言致力維持高度多元化。</p>	<p>本基金係採積極式管理。於決定買入及賣出何種有價證券時，基金投資經理公司得考量（包括但不限於）發行人之財務實力、目前利率水準、目前評價，以及基金投資經理公司對未來利率變動之預期。</p> <p>基金投資經理公司通常致力維持高度分散投資，並得依市場狀況變化於不同類型之有價證券間調整本子基金資產配置。基金投資經理公司將自行進行廣泛之信用分析，以判斷有價證券之信用狀況及其資本增值之潛力。基金投資經理公司採取靈活方式，以辨識全球金融市場中具備特徵之有價證券，包括相較其經濟價值具折價之價格、信用評等被低估但信用政策強健或改善中，以及具吸引力之殖利率（惟並非所有被選取之有價證券均具備上述特徵）。</p>
允許之投資標的	本基金至少投資 80% 之淨資產價值於債券和其他相關固定收益證券。本基金得投資之債券和其他相關固定收益證券，包括公司固定收益證券、美國政府或其機構、其部門或跨國事業（如世界銀行）所擔保或發行的固定收益證券、商業本票、零息債券、資產抵押證券、抵押擔保證券（包括擔保房貸憑證、預期證券（when-issued securities）、依規則 S 所發行的證券（Regulation S Securities）、依規範 144A 所發行的證券（Rule 144A Securities）及依 UCITS 規範所發行的結構性票據及可轉換證券。	本子基金至少將總資產的80%投資於債券及其他相關固定收益證券。本子基金得投資之債券及其他相關固定收益證券包括固定收益公司債券、美國政府或其機關所發行或保證之固定收益證券、或超國家機構（例如世界銀行）所發行之固定收益證券，以及商業本票、零息證券、資產擔保證券、不動產抵押貸款證券（包括擔保抵押債務憑證）、待發行證券、依規則S發行之證券、依規範144A發行之證券、結構型債券及可轉換證券，惟應遵守UCITS法規。本子基金投資於應急可轉債不得超過總資產之5%。本子基金得將最多20%之總資產投資於證券化工具。

項目	被合併基金 除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。	接收基金 除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。
	<p>本基金得投資 20% 之淨資產價值於上述以外之證券，例如普通股、特別股及封閉式美國不動產投資信託（U. S. real estate investment trusts, REITs）。本基金得投資其淨資產價值之 10% 於集體投資計劃單位。</p> <p>本基金可能將其資產投資於美國及加拿大發行人之證券，亦即於本基金之公開說明書附錄一列市場上市或交易之證券，且將至多 30% 之淨資產價值投資於其他非美國或非加拿大發行人之證券，包括新興市場之發行人。本基金得將其淨資產價值投資於跨國發行人之證券。本基金得投資於以任何貨幣計價的證券，包括新興市場國家之貨幣。本基金得投資於任何到期日之證券。本基金亦得將至多 35% 之淨資產價值投資於低於投資評等之證券。低於投資評等之證券，係指證券經評等低於 BBB-（Standard & Poor 評等服務）、Baa3-（Moody 投資人服務公司）或 Fitch 評等之等同評等或（如無評等）基金管理公司或任何投資經理公司決定之相同品質。本基金未對其投資於現金或貨幣市場工具之資產數額有所限制。</p> <p>若投資超過前述限制比例係因不可抗力之因素或係因行使申購權利所致，則本基金於合理考量本基金股東之利益下，將以採取補救措施以符合限制比例為首要目標。</p> <p>美國不動產投資信託於次級市場之交易難度較其他證券為高。不動產投資信託基金於美國主要證券交易市場之流動性，平均而言，係低於標準普爾 500 指數內之一般證券。</p>	<p>本子基金最多可將總資產之 20% 投資於上述以外之其他有價證券，例如普通股、特別股及符合資格之美國封閉型不動產投資信託（REITs）。</p> <p>本子基金得將最多 10% 之總資產投資於集合投資事業之單位。</p> <p>本子基金得將其資產之任何比例投資於美國及加拿大發行人所發行、於受監管市場上市或交易之有價證券，並得將最多 30% 之總資產投資於其他非美國或非加拿大發行人之有價證券，包括新興市場發行人。本子基金得將其總資產之任何比例投資於超國家發行人所發行之有價證券。本子基金得投資於以任何貨幣計價之有價證券（包括新興市場國家之貨幣）。本子基金得投資於任何存續期間之有價證券。</p> <p>本子基金亦得將最多 35% 之總資產投資於低於投資等級之有價證券。低於投資等級之有價證券係指信用評等低於 BBB-（標準普爾信用評等）、Baa3（穆迪信用評等）或惠譽國際信用評等相當前兩類之信評等級者，或其他雖未經信評，但基金管理公司或任何基金投資經理公司認定等級相當者。若同一發行標的之信評出現分歧，則以較高者之評等為準。</p> <p>本子基金投資及／或持有危難證券不得超過總資產 5%。</p> <p>本子基金對其投資於貨幣市場工具之資產比例不設上限。在輔助基礎上，本子基金亦得在一般市場情況時持有活期存款，最高不超過其資產之 20%。於例外且暫時之市場情況下，倘基金投資經理公司認為符合股東最佳利益，得超過前述上限。</p>
衍生性商品之運用	<p>衍生性金融商品及附買回協議得用於有效投資組合管理之目的。</p> <p>利用承諾法計算，本基金之槓桿操作最高得達淨資產價值之 35%。</p> <p>就各該子資金使用此等技術與工具時，其應受之條件與限制如下：</p> <ol style="list-style-type: none"> 1. 基金關於衍生性金融商品工具之總曝險部位，不應逾其總淨資產價值（依愛爾蘭央行要求）。本公司依歐洲 	<p>為了對與利率、匯率或信用相關之風險進行曝險或避險，本子基金得於接收基金公開說明書之「衍生性金融商品、特殊的投資及避險技巧之使用」所定之限制範圍內，基於投資及避險之目的，進行期貨、選擇權、交換以及遠期契約之交易。</p> <p>本子基金得使用承諾法運用槓桿，最高不超過其淨資產價值之 35%。</p> <p>為了風險管理、避險或投資目的，基金可使</p>

項目	被合併基金	接收基金
	<p>除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。</p> <p>證券與市場管理局(ESMA)指南(參照：CESR/10-788)規定，視子基金之風險特性，使用標準承諾法或風險值法(準承諾法或風來計算一子基金之總曝險部位。風險值法係指在給定的信賴水準下，測量在特定期間內最大預期損失之方法。本公司使用在一個月期間內99%之信賴水準。風險值法有兩種類型，絕對風險值法及相對風險值法。相對風險值法對照適當的基準或指數之總部位，測量子基金之總部位。若利用風險值法做為子基金總部位之測量方式，子基金之風險值不得超過基準或指數的兩倍。</p> <p>絕對風險值法適合用於未按照基準定義其投資目標之子基金，或具有絕對報酬策略的子基金。當子基金運用絕對風險值法時，歐洲證券與市場管理局(ESMA)規定風險值法測量不得超過子基金淨資產價值之20%。依據本公司選用之信賴水準及特定期間，使用絕對風險值法測量之子基金，將被限制為淨資產價值之20%之一個月信賴水準99%之風險值法。此意謂，在正常市場情況下，子基金之價值將有1%的可能性可能在之後的20個營業日內，減少20%或以上。標準承諾法係指，本公司考量淨額結算及避險安排，將每個衍生性金融商品持有部位轉換該衍生性金融商品之標的資產之等部位之市值。</p> <p>基金之總曝險部位之評估，亦須將可預見的市場變化及將部位變現所需之時間納入考量。</p> <p>2. 曝險於衍生性金融商品工具其標的資產之部位，包括嵌入於可轉讓有價證券或貨幣市場工具中之衍生性金融商品工具，當其與導因於直接投資之相關部位相結合者，不得逾愛爾蘭央行要求中所示之投資限制。(倘若屬以指數為基礎之衍生性金融商品工具，且其基礎指數符合愛爾蘭央行要求所列之要件者，則本條款並不適用之)。</p> <p>3. 基金投資在店頭市場交易之衍生性金融商品工具，但以其店頭市場交易中之交易對手，係一受謹慎監理之機構</p>	<p>除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。</p> <p>用如基金投資政策特定之衍生性金融商品，包括選擇權、期貨和遠期契約。而這些衍生性金融商品必須符合下面限制規定。</p> <p>a. 此等衍生性金融商品必須於受規範之市場中交易，或是於櫃檯買賣市場中交易，而其交易相對人乃受謹慎之監理，並屬盧森堡監理機關所核准之交易相對人類中。</p> <p>b. 此等衍生性金融商品之基礎資產，必須由「許可之投資」章節第1段中所指之投資工具或金融指數、利率、匯率或相關子基金依其投資政策所投資之貨幣所組成。</p> <p>c. 此等衍生性金融商品，若於櫃檯買賣市場中交易(「櫃檯買賣之衍生性金融商品」)，則須受可驗證且可靠之每日定價系統評價，並本基金應得隨時以其公平價格出售、變價或結算之。</p> <p>對任一發行人所為之投資</p> <p>2. 就一櫃檯買賣衍生性商品之交易，其對任一交易相對人之暴險部位不得逾：</p> <p>a. 若交易相對人係一信用機構，其註冊辦公室位於會員國，或若其註冊辦公室係位於另一國，且依盧森堡監理機關認為，其係受與歐洲共同體法律相當之程度之謹慎規則所規制者，則為各子基金淨值之百分之十，或</p> <p>b. 依盧森堡監理機關認為，其係受與歐洲共同體法律相當之程度之謹慎規則所規制者，或</p> <p>c. 若交易相對人未能滿足前述標準者，則為各子基金淨值之百分之五。</p> <p>3. 對衍生性金融商品工具之投資，其非屬以指數為基礎者，且其對於基礎資產之部位，應符合「對任一發行人所為之投資」章節第2段、第5段與第11段和本章節第6段所設之限制，且不得逾「投資限制」章節第1段至第5段及第8段和本章節第2段、第5段和第6段所設投資總額之限制者。</p>

項目	被合併基金 除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。	接收基金 除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。
	<p>，並屬於金融監理機關所核准之分類中。</p> <p>4. 衍生性金融商品工具之投資，應受金融監理機關所設條件與限制之規範。</p>	<p>4. 當可轉讓有價證券或貨幣市場工具係嵌入於一衍生性商品者，則此等商品應符合前述第3段之要件，以及以下「總風險暴露」中所示之要件。</p> <p>結合標準</p> <p>5. 儘管有「對任一發行人所為之投資」章節第1段及第8段和「衍生性金融商品、特殊的投資及避險技巧之使用」章節第2段之限制，基金投資於：(a) 任一主體所發行之可轉讓有價證券、(b) 存放於任一主體之存款、(c) 源自於同一主體所承諾之櫃檯買賣衍生性商品交易之部位，或(d) 源自有效管理投資組合技巧之部位，其合計不得逾該基金淨資產之百分之二十</p> <p>6. 「對任一發行人所為之投資」章節第1段、第3段、第4段、第8段和「衍生性金融商品、特殊的投資及避險技巧之使用」章節第2段之限制，不得加總計算。準此，基金依「對任一發行人所為之投資」章節第1段、第3段、第4段、第8段和「衍生性金融商品、特殊的投資及避險技巧之使用」章節第2段規定，就任一發行者所發行之可轉讓有價證券或貨幣市場工具、其所承作之存款或衍生性商品工具，或有效管理投資組合技巧，不得逾其淨資產之百分之三十五。</p> <p>總風險暴露</p> <p>7. 除此處另有聲明者外，各子基金其關於衍生性金融商品工具之總暴險部位，不得逾該基金之淨資產。法盛國際投資管理公司保留依各基金之風險暴露適用更嚴格限制標準之權利。使用衍生性金融商品工具，可轉讓證券投資集合投資事業(UCITS)之總暴險部位最高可能達到雙倍，因此限制可轉讓證券投資集合投資事業(UCITS)的總承諾至200%。</p> <p>法盛國際投資管理公司依歐洲證券與市場管理局(ESMA)指南(參照：CESR/10-788)規定，視基金之風險特性，選擇係以標準承諾法或風險值法("VaR")來計算基金之總風險暴露。</p> <p>風險值法係指在給定的信賴水準下，量度特</p>

項目	被合併基金 除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。	接收基金 除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。
		<p>定期間內最大預期損失之方法；基金管理公司在一個月期間內施以 99% 之保密程度。</p> <p>風險值法有兩種類型，絕對風險值法及相對風險值法。相對風險值法對照適宜基準或指數之全球曝險，測量子基金之全球曝險。若利用風險值法做為子基金全球曝險之測量方式，子基金之風險值法不得超過基準或指數的兩倍。絕對風險值法適用於未精準將投資目標依一基準定義之子基金，或具有絕對報酬策略之子基金。當子基金運用絕對風險值法時，歐洲證券與市場管理局（ESMA）規定風險值法測量不得超過子基金淨資產之 20%。依據基金管理公司選用之保密程度及特定期間，使用絕對風險值法測量之子基金，將被限制於子基金 20% 淨資產一個月 99% 之風險值法。依此，在通常市場情況下，子基金之價值將有 1% 的可能性可能在之後的 20 個營業日內，減少 20% 或以上。</p> <p>承諾法係指，法盛國際投資管理公司就每個衍生性金融商品持有部位轉換為市值，該市值係將衍生性商品之沖抵或避險安排納入考量後，轉換為基金資產相當部位來計算。基金之總暴險部位之評估，亦須將可預見的市場變化及可結清該等部位之時機納入考量。</p> <p>法盛國際投資管理公司應進行相關程序，以就櫃檯買賣衍生性商品之價值，為精確與獨立估算。</p>
證券金融交易及總收益交換	本基金可投資總收益交換之淨資產價值的最大比例為 100%。預計投資於總收益交換的淨資產價值比例為 0%。本基金可投資證券金融交易之淨資產價值的最大比例為 100%。預計投資於證券金融交易的淨值比例為 0%。	不允許。
現金管理	在特定之特殊市場情況下，若投資經理公司認為此舉符合基金及其股東之最佳利益，本基金得將其資產之相當部分投資於現金及約當現金（包括貨幣市場工具）。本基金採取防禦性策略期間，將不會追求其投資目標。	本基金得持有最高達其淨資產之 20% 之現金。在特殊情況下，如法盛國際投資管理公司認為此舉符合本基金股東之最佳利益，得暫時逾越前述上限。
SFDR 及永續投資方針	<p>被合併基金及接收基金就 SFDR 之目的而言，均分類為第 6 條基金。</p> <p>被合併基金及接收基金適用相同之永續性風險，且兩者均於投資經理公司之投資決策或</p>	

項目	被合併基金 除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。	接收基金 除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。
	<p>流程中整合永續性風險。</p> <p>有關被合併基金及接收基金之永續性方法之更多資訊，請參閱其各自之 SFDR 締約前揭露文件及網站產品揭露資料，相關資料載於：</p> <p>被合併基金：https://www.im.natixis.com/en-intl/funds</p> <p>接收基金：https://www.im.natixis.com/en-intl/funds</p>	
參考指數	<p>本基金並未依據特定指數管理運作。然而，純為參考目的，本基金之績效可參考彭博美國政府／信用債券指數（總收益）（即 Bloomberg US Government/Credit Index (Total Return)）。</p>	<p>本基金並非以特定指數進行管理。然而，僅作為參考之目的，本子基金之績效表現得與彭博美國政府／信用債券指數（總報酬）（Bloomberg US Government/Credit Index (Total Return)）（下稱「參考指數」）相比較。實務上，本子基金之投資組合可能包括參考指數之成分。然而，本子基金不受參考指數之限制，故可能會重大偏離該參考指數。</p>
典型投資人特徵	<p>本基金適合欲透過資本增值達到高報酬，以及獲取中至長期收益之投資人，且該投資人為願意承受中度波動性者。</p>	<p>本子基金適合以下屬性之機構投資人和個人投資人：</p> <ul style="list-style-type: none"> • 尋求分散投資於全球各地信用發行人所發行之固定收益有價證券； • 可以中期性配置資本； • 可以承受暫時性損失； • 可以承受波動。
基礎貨幣	美元	美元
風險概況比較		
摘要風險指標 (SRI)	3	3
風險	<p>本基金之全球風險曝險係透過前述之「承諾法」(Commitment Approach) 方法進行管理。</p> <p>投資本基金之風險包括但不限於下列風險：</p> <ul style="list-style-type: none"> • 股權證券 • 債務及其他固定收益證券 • 不良資產證券 • 依規範 144A 發行之證券 • 依規則 S 發行之證券 • 不動產證券及美國不動產投資信託 • 利率變動 • 信用風險 • 匯率 • 較低評等固定收益證券 	<p>本基金之總風險暴露係透過本接收基金公開說明書「衍生性金融商品、特殊投資及避險技巧之使用」－「總風險暴露」段落所述之「承諾法」進行管理。</p> <p>投資本基金的特別風險與下列相關：</p> <ul style="list-style-type: none"> • 股權證券 • 債權證券 • 危難證券 • 依規範 144A 發行之證券 • 依規則 S 發行之證券 • 不動產證券及封閉型不動產投資信託 (REITs) • 利率變動 • 信用風險 • 匯率

項目	被合併基金 除另有定義外，本欄所用詞彙應參照本公司公開說明書及補充公開說明書中之定義與涵義。	接收基金 除另有定義外，本欄所用詞彙應參照接收基金公開說明書中之定義與涵義。
	<ul style="list-style-type: none"> • 全球投資 • 抵押擔保債券及資產擔保證券 • 或有可轉換債券 • 新興市場 • 法律及／或稅制之變動 • 衍生性金融商品 • 交易對手風險 <p>作為金融市場參與者，SFDR 使法盛國際投資管理公司有義務將永續性風險之考量結合於投資決定中。SFDR 定義之永續性風險為若發生時，可對投資價值造成實際或潛在之重大負面影響之環境、社會或治理事件或條件。由於法盛國際投資管理公司已將基金之投資管理委託投資經理公司，故法盛國際投資管理公司實際上將需要依賴投資經理公司及任何次投資經理公司的投資決策流程，以確保已有效結合對基金所構成之永續性風險。</p> <p>有關基金管理公司如何考量永續性風險結合於其投資決定中，可由以下網站取得進一步資訊：https://www.im.natixis.com/en-intl/site-information/regulatory-information。本政策之目的乃描述基金管理公司如何於其投資決策過程中結合相關之永續性風險（無論是重大或可能是重大的），其中可包括此過程中關於組織、風險管理及治理等面向。於基金管理公司中結合該永續性風險採取多種形式，得為投資決定之前或之後，如政策中所載</p>	<ul style="list-style-type: none"> • 低於投資評等之有價證券 • 全球投資 • 不動產抵押貸款證券及資產擔保證券 • 應急可轉債 • 新興市場 • 法律及/或稅制的變更 • 衍生性金融商品 • 交易對手風險 <p>本基金受 2019/2088 號法規（第 2(22)條）所定義之永續性風險之影響，永續性風險係因（若發生）可對投資價值產生實際或潛在之重大負面影響之環境、社會及公司治理事件或條件。</p> <p>永續性風險主要與氣候變化引起之氣候相關事件（即實體風險）或社會對氣候變化之反應（即轉型風險）相關，此可能會導致無法預料的損失，從而影響子基金之投資與財務狀況</p> <p>社會事件（例如，不平等、包容性、勞動關係、人力資本投資、事故預防、改變客戶行為等）或公司治理缺失（例如，反覆重大違反國際協議、賄賂問題、產品品質與安全、銷售手法等）亦可能轉化為永續性風險</p> <p>永續性因素包括環境、社會及員工事務、尊重人權、反貪腐與反賄賂事務（「永續性因素」）</p> <p>即使投資組合管理過程可能整合 ESG 方法，但初步的投資目標並不是降低永續性風險。</p> <p>有關基金管理公司所設定關於納入永續性風險之框架的更多資訊可在其網站獲得。</p>

臨時股東大會通知

本文件十分重要，且需要您立即處理。

如您對應採取之行動有任何疑問，應諮詢您的證券經紀商、銀行經理人、律師、會計師或其他專業顧問。

茲通知 (都柏林) 法盛國際基金 I 有限公司 (下稱「本公司」) 之子基金 (都柏林) 法盛國際基金 I—法盛盧米斯賽勒斯債券基金之股東 (分別下稱「被合併基金」、「股東」) 之臨時股東大會，將於 2026 年 4 月 23 日中午 12 時 (愛爾蘭時間) 於 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland 舉行，以審議並 (如認為適當) 通過下列決議案，作為被合併基金股東之決議案：

特別決議案

「茲決議：2026 年 4 月 1 日之通知書 (下稱「合併通知書」) 所載之合併，其內容包括將被合併基金之資產及負債移轉予接收公司之子基金法盛盧米斯賽勒斯債券基金 (下稱「接收基金」)，並以在合併實施日於被合併基金股東名冊所列之股東，依合併通知書所載條件獲配發接收基金之新股份作為交換，現依合併通知書所載條件予以核准；且茲授權本公司董事代表被合併基金，於董事認為為了使合併生效所必需或適當之範圍內，採取任何行動或進行任何事項。」

依本公司董事會之指示

董事

謹代表

(都柏林)法盛國際基金 I 有限公司

日期：2026 年 4 月 1 日

附註

1. 會議之法定出席人數為親自出席或由委託代理人出席之兩名股東。倘於會議指定時間起算半小時內仍未達法定出席人數，或於會議進行中法定出席人數不再存在，則會議應順延至次週同日、同一時間及同一地點召開，或由董事決定改於其他日期、時間及地點召開。
2. 請注意，僅登記在冊之股東方有權出席並於會議（或其任何順延會議）投票。若您係透過經紀商／交易商／其他中介機構投資於本公司，請聯絡該等機構以確認您的投票權。股東得委任一名或多名代理人代表其出席、發言及於會議投票；代理人無須為本公司股東。
3. 隨函檢附委託書格式，供無法出席會議（或其任何順延會議）之股東使用。委託書須送交本公司秘書 Wilton Secretarial Limited。股東得以電子郵件將委託書寄送至 fundscosec@williamfry.com，但仍應儘速以郵寄方式將原始簽署正本寄送至本公司：轉交（都柏林）法盛國際基金 I 有限公司秘書，地址為 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland。
4. 為使委託書有效，委託書及其簽署所依據之任何授權書（如有）之正本，須於會議或順延會議預定召開時間至少 48 小時前由秘書收悉；或如採行之投票係非於會議當日或同日進行者，則須於該投票預定進行時間至少 48 小時前由秘書收悉。未於期限內交回委託書，將使該委託書失效，且您的代理人不得依您的指示代表您投票。
5. 於臨時股東大會上，提交會議表決之決議案原則上以舉手表決決定；惟在舉手表決結果宣告前或宣告時，如由主席或至少五名出席股東，或由出席且合計代表已發行且有權於會議投票之股份至少十分之一之任何股東要求進行記名投票（poll），則應改以記名投票決定。除非提出記名投票之要求，主席宣告某決議案已通過、全體一致通過、以特定多數通過、未通過，或未以特定多數通過，且會議紀錄載明該等事項者，即為確證，而無須證明贊成或反對該決議案之票數或比例。於記名投票時，每一親自出席或由代理人出席之股東，就其所持有之每一股股份享有一票表決權。

EXPLANATORY LETTER TO SHAREHOLDERS

To: the Shareholders of Natixis International Funds (Dublin) I - Loomis Sayles Multisector Income Fund, a sub-fund of the Company
(each a "**Shareholder**", together the "**Shareholders**")

1 April, 2026

Re: Proposed Merger of Natixis International Funds (Dublin) I - Loomis Sayles Multisector Income Fund (the "Merging Fund"), a sub-fund of Natixis International Funds (Dublin) I PLC, into Loomis Sayles Multisector Income Fund (the "Receiving Fund"), a sub-fund of Natixis International Funds (Lux) I SICAV.

Dear Shareholder

1. MERGER PROPOSAL

We are writing to you as a Shareholder of the Merging Fund to explain the proposal to merge the Merging Fund with a similar fund, the Receiving Fund, which is a sub-fund of Natixis International Funds (Lux) I SICAV.

The Merger will need to be approved by Shareholders to proceed. At **Appendix D** you will find a notice convening an extraordinary general meeting (the "**Meeting**") for the purpose of considering and, if thought fit, approving the Merger.

A proxy form is enclosed at **Appendix E** to enable you to vote at the Meeting. You are urged to complete and return it, in line with the instructions therein, as soon as possible and in any event by **no later than 48 hours** in advance of the Meeting. Further information on how to exercise your right to vote is set out later in this Circular.

If the Merger is approved by Shareholders at the Meeting, the Merger itself will take effect on 12 June, 2026 at 23.59 (Irish time) (the "**Effective Date**"). Implementation of the Merger will mean that at the Effective Date, all the assets and liabilities of the Merging Fund transfer to the Receiving Fund, in exchange for the issue of New Shares in place of Existing Shares. If you have not redeemed your Existing Shares prior to the Merger Redemption Deadline, you will become a shareholder in the Receiving Fund as and from the Effective Date.

In order to consider the proposals set out in this document, you are advised firstly to read all of the enclosed documentation. If you have any questions, you should contact NIMI or your own professional advisor.

In the opinion of the Directors, the Merger is fair and reasonable and in the best interests of Shareholders. We recommend that you vote in favour of the Merger, which is the Resolution to be proposed at the Meeting.

2. BACKGROUND TO AND RATIONALE FOR THE PROPOSED MERGER

Natixis Investment Managers International ("**NIMI**"), as UCITS management company to the Company and Merging Fund, has undertaken a comprehensive review of the current operating models and distribution strategies across NIMI's UCITS fund offering, as well as associated costs and complexity for Shareholders. This review aimed to identify, for the benefit of Shareholders, a structure that could provide improved access to NIMI's UCITS fund offering with enhanced operational efficiency, with no increase in associated costs to Shareholders.

Natixis International Funds (Dublin) I PLC
6th Floor, 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

NIMI, with the agreement of the directors of the Company (the “**Directors**”), has determined that migrating the sub-funds of the Company, including the Merging Fund, to the larger Natixis International Funds (Lux) I SICAV, the Receiving Company, of which NIMI is the management company, would be advantageous for Shareholders.

NIMI currently manages the Company and the Receiving Company as two separate UCITS fund umbrellas in two separate domiciles. The Receiving Company is NIMI's flagship Luxembourg-domiciled UCITS umbrella which currently has 31 sub-funds broadly distributed globally and will have 36 such sub-funds if the sub-funds of the Company migrate to the Receiving Company. The Merger is therefore a strategic initiative of NIMI to simplify both the operational set up and the shareholder experience for Shareholders across NIMI's UCITS fund range:

- A simplified operational set up will include consolidated accounts and a single point of contact with the transfer agent for those shareholders invested in sub-funds of the Company and the Receiving Company, as well as the same bank account details which will help reduce the risk of settlement errors and associated interest claims. Such a simplified operational set up will enable easier switching between sub-funds of the Receiving Company, with the use of a simplified application form and single process for conducting KYC/AML identification verification. In addition to a simpler communication flow with a single transfer agent, the Receiving Funds and other sub-funds of the Receiving Company would have the same dealing days and cut-off times.
- A simplified shareholder experience will include aspects such as being able to access fund information in a single Prospectus document in respect of the Receiving Company (rather than the Company's Prospectus and the Merging Fund's Supplement as separate documents), the ability to see characteristics of the Receiving Fund's share classes in a single table, rather than the separate tables provided in the existing Supplement of the Merging Fund, as well as the ability to view and compare, in a single prospectus, additional sub-funds of the Receiving Company that are managed by the Investment Manager.

Shareholders of the Merging Fund will not be negatively impacted post-merger in terms of the investment experience and associated expenses.

Once they receive their New Shares in the Receiving Fund, Shareholders will be able to easily exchange those New Shares for shares in any of the sub-funds of the Receiving Company.

The Merger will not impact the core investment proposition for Shareholders of the Merging Fund with continuity of the Investment Manager's approach and strategy in the Receiving Fund. Shareholders of the Merging Fund will receive a similar quality of investment management in the Receiving Fund since the Investment Manager's portfolio management team and their investment processes will remain the same. As such, the performance track record of the Merging Fund will be carried over to the Receiving Fund.

With regard to expenses, whilst *taxe d'abonnement* in Luxembourg will be incurred by the Receiving Fund, which is not the case for the Merging Fund, the associated expense has been accommodated by a commensurate reduction of the All-in-Fee of each share class of the Receiving Fund. A detailed comparison of fees and expenses across the Merging Fund and Receiving Fund is set out in Appendix B to the Circular.

Therefore, NIMI, in its capacity as the Company's UCITS management company, has recommended the Merger to the Directors.

3. RECEIVING FUND AND COMPARISON TO MERGING FUND

The Receiving Fund is a UCITS sub-fund of Natixis International Funds (Lux) I SICAV, the Receiving Company. It has been set up for the purposes of the proposed Merger. The Receiving Fund has not yet launched, and the Merging Fund's Shareholders will be its first shareholders.

Natixis International Funds (Dublin) I PLC
6th Floor, 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

The Merging Fund and the Receiving Fund share substantially the same features. The Merger will not involve any significant changes to the current investment objective and policies, investment strategy and risk profile of the Merging Fund. The Investment Manager will continue to manage the Receiving Fund with the same team of portfolio managers and there will be no change to the Investment Manager's investment philosophy and strategy.

In addition, the Receiving Fund will be managed using the Investment Manager's approach to sustainable investing, in line with that in place for the Merging Fund. Both the Merging Fund and Receiving Fund are categorised as Article 6 funds for the purposes of the Sustainable Finance Disclosure Regulation ("**SFDR**").

The investment objective and policies, and investment strategy, of the Receiving Fund will not differ in any material way to those of the Merging Fund. Although the Receiving Fund uses a slightly different and more concise style of language in its supplement, this is in line with the disclosure style used for other sub-funds of the Receiving Company, and the Receiving Fund and Merging Fund will have, the same investment objective and policy and will continue to use the same investment strategy.

In this regard, please see **Appendix B** which sets out a comparison of the overall features of the Merging Fund and the Receiving Fund.

In addition, the Key Information Document ("KID") for the applicable class of New Shares in the Receiving Fund are attached at **Appendix C**.

These are important documents that provide certain key information in respect of the Receiving Fund to enable you to make an informed decision on the proposed Merger. We recommend that you take time to read them as part of your consideration of the Merger proposal.

4. THE PROPOSED MERGER AND THE IMPACT ON SHAREHOLDERS

(a) Transfer of Assets and Liabilities

The proposed Merger will involve the delivery and/or transfer of all the assets and liabilities of the Merging Fund to the Receiving Fund in exchange for the issue of New Shares to Shareholders of the Merging Fund on the Effective Date. The rules applicable to the Merger and the transfer of assets and liabilities are described in the Terms of Merger at **Appendix A**.

(b) Impact on Shareholding and Shareholder Rights and Issue of New Shares

There are no differences in your rights as a Shareholder of the Merging Fund before or after the proposed Merger takes effect. You will have the same rights in all material respects as a Shareholder of the Receiving Fund.

The table below shows the class of New Shares which will be issued under the Merger in exchange for each class of Existing Shares. The type and features of New Shares which Shareholders will receive under the Merger (for example distribution or accumulation, hedged or unhedged), as well as other characteristics of the New Shares (for example maximum sales charge, redemption charge or CDSC, minimum initial investment and minimum holding amounts), will correspond with the type and features of Existing Share currently held, with the following exceptions:

- Minimum amounts currency – Existing Shares disclose the Minimum Initial Subscriptions amounts and Minimum Holding amounts in the currency of the respective Existing Shares, whilst New Shares disclose the Minimum Initial Investment and Minimum Holding amounts in the Reference Currency of the Receiving Fund "or equivalent". For those New Shares which are denominated in a different currency than the Reference Currency of the Receiving Fund (i.e. in the currency of quotation), the corresponding minimum investment and holding amounts will be the minimum investment and holding amounts of

Natixis International Funds (Dublin) I PLC
6th Floor, 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

the New Shares class denominated in the Reference Currency of the Receiving Fund multiplied by the exchange rate between the Reference Currency and the currency of quotation at the latest closing rates (available before Cut-Off Time) quoted by any major banks.

- Class C Shares – Existing Shares have a Minimum Initial Subscriptions amount of US\$1,000, whilst New Shares have no Minimum Initial Investment amount; Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.
- Class CT Shares – Existing Shares have a Minimum Initial Subscriptions amount of US\$1,000, whilst New Shares have no Minimum Initial Investment amount; Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.
- Class F Shares – Existing Shares have a Minimum Initial Subscriptions amount of US\$1,000, whilst New Shares have no Minimum Initial Investment amount; Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.
- Class N Shares – Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.

**Taxe d'abonnement* – please refer below to section 8. of the Circular entitled “Costs of the Merger”

The number of New Shares to be allocated to the Merging Fund's Shareholders will be determined based on the exchange ratio applied at the Merger Valuation Point corresponding to the respective net asset values of the Merging Fund and the Receiving Fund (the “Exchange Ratio”).

The Exchange Ratio shall be 1:1, as an equal number of New Shares in a corresponding share class of the Receiving Fund will be issued to each shareholder on the basis that the net asset value per share of the Existing Shares shall be equal to the net asset value per share of the corresponding New Shares, since the Receiving Fund will not comprise any assets or liabilities at the Merger Valuation Point.

Shareholders holding fractions of Existing Shares will receive fractions of New Shares in the Receiving Fund of equivalent value. No cash payment relating to fractional holdings will be made to Shareholders under the Merger.

Therefore, you can expect that you will be issued with the same number of New Shares, and that the overall value of New Shares will be the same as the value of your Existing Shares as at the Effective Date.

Shareholders will be notified in writing of their holdings of New Shares following the Merger within 5 business days of the Effective Date.

(c) *Impact on performance*

The Merger is not expected to have any impact on risk and return performance potential. The Receiving Fund will utilise the track record of the Merging Fund.

Neither the Merging Fund or the Receiving Fund are managed relative to a specific reference index. However, for indicative purposes only, the Merging Fund's and Receiving Fund's performance may be compared to Bloomberg US Government/Credit Index (Total Return).

(d) *Fees and expenses*

The legal, advisory and administrative costs associated with the preparation and the completion of the Merger will be borne by NIMI.

Any taxes and duties, including transfer taxes and stamp duty, directly incurred and payable by the Merging Fund upon the acquisition by the Receiving Fund of the assets of the Merging Fund, as a direct result of the implementation of the Merger, will be borne by NIMI. All other costs and expenses which arise from or are incidental to the Merger implementation (such as any adjustments to the portfolio of the Merging Fund before the Effective Date) will be borne by NIMI. For example, in respect of any registration of the Receiving Fund for marketing in a particular jurisdiction, where the Merging Fund share class was already registered in that jurisdiction, the cost of such registration will be borne by NIMI. Otherwise, this would represent a “duplicate cost” for the Shareholders of the Merging Fund.

The Luxembourg *taxe d'abonnement* will become payable by the Receiving Fund from the Effective Date of the Merger. This is an expense which Shareholders of the Merging Fund do not

Natixis International Funds (Dublin) I PLC
6th Floor, 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

suffer currently in Ireland and, to ensure that the Merging Fund Shareholders are no worse off as a result of the Merger, as illustrated in the share class exchange table in Section 4 above, the All-in-Fee of each share class of the Receiving Fund has been reduced commensurate with the rate of *taxe d'abonnement* that will be applicable to each share class of the Receiving Fund.

The overall fees and expenses of the Merging Fund and Receiving Fund are provided under the 'Fees and Expenses' section in **Appendix B**.

(e) *Sustainability-related asset allocation*

The Merging Fund and Receiving Fund will have a similar sustainability approach when investing, and the same asset allocation limits. Both the Merging Fund and the Receiving Fund are categorised as Article 6 funds for the purposes of the SFDR.

(f) *Risk profile*

The Directors are of the opinion that, having regard to the comparative features of the investment policies of the Merging Fund and the Receiving Fund, the Merger will not involve a change in risk profile. In particular, the SRI for the Receiving Fund is expected to be the same as that for the Merging Fund.

(g) *Service providers*

The entities providing administration and depositary services and the auditor will change as set out in the table below. The Investment Manager will continue in its investment management role. NIMI will remain as UCITS management company.

	Merging Fund	Receiving Fund
Management company	Natixis Investment Managers International	Natixis Investment Managers International
Investment Manager	Loomis Sayles & Company, L.P.	Loomis Sayles & Company, L.P.
Administrator	Brown Brothers Harriman Fund Administration Services (Ireland) Limited	Brown Brothers Harriman (Luxembourg) S.C.A.
Depositary	Brown Brothers Harriman Trustee Services (Ireland) Limited	Brown Brothers Harriman (Luxembourg) S.C.A.
Auditors	PricewaterhouseCoopers, Chartered Accountants, Dublin	PricewaterhouseCoopers Assurance, Société Cooperative

(h) *Dealing Terms and Procedures*

To align with the operating model for the Receiving Company, the Receiving Fund will have some differences in dealing procedures compared to the Merging Fund:

	Merging Fund	Receiving Fund
Dealing frequency	Daily	Daily
Dealing Day	Any day on which the banks in Dublin are, and the New York Stock Exchange is, open for business.	Any full bank business day in Luxembourg

Natixis International Funds (Dublin) I PLC
6th Floor, 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

	Merging Fund	Receiving Fund
Subscription/redemption requests cut-off	4:00 p.m., Irish time on each Dealing Day.	13h30 Luxembourg time on each Dealing Day.
Settlement time	Dealing Day + 3 Business Days	Dealing Day + 3 Business Days

(i) *Accounting dates*

The financial year-end of the Receiving Company is 31 December. As such, the Receiving Company will prepare an annual report and audited accounts as of 31 December in each year and unaudited half-yearly accounts as of 30 June in each year. Copies of the annual and interim report and accounts of the Receiving Company will be available to Shareholders in the Receiving Fund via the Natixis website: www.im.natixis.com within the timeframes prescribed by the CSSF following the end of the relevant financial period.

(j) *Investor application forms and KYC*

It is expected that all documentation which you provided to the Company in relation to your subscription for shares in the Merging Fund (i.e. original signatory lists/powers of attorney (if applicable), bank details and original anti-money laundering verification documentation), and which was deemed satisfactory, will be deemed to apply to your holding in the Receiving Fund after the Merger.

(k) *Registration status*

The Receiving Fund will be formally registered for marketing to the public in each of the Member States of the European Economic Area corresponding to those in which Merging Fund is currently so registered for marketing.

5. PORTFOLIO IMPACT

Where it is more efficient and feasible to do so, securities held by the Merging Fund will transfer *in specie* to the Receiving Fund on the Effective Date. However, for example, counterparties to certain derivatives contracts or securitised investments may require such arrangements to be closed out and reopened in respect of the Merging Fund and Receiving Fund respectively, rather than by way of a transfer of those positions. In such circumstances, such positions in the Merging Fund's portfolio would be closed out at or shortly before the Effective Date and a matching position entered into for the Receiving Fund at that time. Accordingly, it is not anticipated that Shareholders will be out of the market as a result of the Merger to any material extent. Any costs arising from the closure and reopening of such derivatives contracts and securitised investments will be borne by NIMI.

The Receiving Fund, having been set up for the purposes of the Merger, has not launched and currently has no shareholders. The Receiving Fund will be launched upon the Merger and the portfolio of the Receiving Fund will be managed in accordance with the investment objective and policies, and investment strategy, of the Receiving Fund upon absorption of all of the assets and liabilities of the Merging Fund.

6. TAX CONSEQUENCES OF THE MERGER

The following is a summary of our understanding of certain Irish tax consequences of the Merger. It is based on current Irish legislation and Irish tax authority published practice as applicable and as may be relevant to Shareholders holding their shares beneficially as an investment. The summary may not apply to certain categories of Shareholders. It does not constitute legal or tax

advice. It may be subject to change without notice. The following statements are of a general nature and are not a full description of all relevant tax considerations.

The tax consequences for you of the Merger may vary depending on your specific circumstances, and on the law and regulation of your country of residence, citizenship or domicile.

Shareholders should be aware that, depending on their individual circumstances, there may be some impact in respect of taxation arising from the Merger. Shareholders should carefully consider their position in this regard and, if they are in any doubt about their personal tax position in relation to the Merger, they should seek independent advice immediately from their independent professional adviser.

Irish Taxation

The following is a summary of certain Irish tax consequences of the Merger. It is relevant to Shareholders who are resident and domiciled solely in Ireland. As part of a scheme of reconstruction or amalgamation under Irish tax law (i.e. the Merger), the issue of New Shares in the Receiving Fund to Shareholders in the Merging Fund in proportion to their holding in the Merging Fund in exchange for the transfer by the Merging Fund of all its assets and liabilities to the Receiving Fund is not a chargeable event. That is, the cancellation of the Existing Shares in the Merging Fund on exchange for New Shares in the Receiving Fund is not a chargeable event. As such, no Irish tax arises for the existing investors on the exchange and cancellation of their Existing Shares in the Merging Fund and acquisition of New Shares in the Receiving Fund. Tax will arise in the normal way with respect to chargeable events post-merger (e.g. subsequent distributions and disposals) related to the New Shares held by Shareholders in the Receiving Fund.

7. YOUR RIGHTS IN RESPECT OF THE MERGER

You have certain rights in the context of the proposed Merger including as follows:

- a) The UCITS Regulations require a report to be prepared for the purposes of validating the criteria adopted for the valuation of assets of the Merging Fund on the date for applying the Exchange Ratio (being the ratio used to determine the number of New Shares you will receive in the Receiving Fund) and the rationale for the Exchange Ratio as well as the actual Exchange Ratio determined at the date of applying that ratio.

You have the right to obtain a copy of that report, as prepared by the Auditors, free of charge when it is available following the Merger, by contacting NIMI at www.im.natixis.com

- b) You have the right to redeem your investment in the Merging Fund free of any redemption or exit charge prior to the Merger, except if a CDSC applies to Existing Shares held by a shareholder, the CDSC will also apply to the New Shares issued to that shareholder such that in the case of a redemption of those New Shares, the CDSC rate shall be applied using the date of subscription in the Merging Fund and the date of redemption in the Receiving Fund. If the Merger is approved, the last opportunity to exercise this redemption right shall be the Merger Redemption Deadline (see the Merger timeline at page 2 above).

Applications to redeem are subject to the procedures outlined in the Company's Prospectus. Where you have not redeemed by the Merger Redemption Deadline, then you will become a shareholder in the New Fund from the Effective Date. You will be able to redeem your New Shares from the first dealing day of the Receiving Fund (see the Merger timeline at page 2 above). Dealing requests in respect of New Shares will be subject to the dealing procedures in the Receiving Fund Prospectus.

- c) Should you require further or additional information in respect of the Merger, please contact the Administrator at natixis_dublin@bbh.com or NIMI at ClientServicingAM@natixis.com

8. COSTS OF THE MERGER

The legal, advisory and administrative costs associated with the preparation and the completion of the Merger will be borne by NIMI.

Any taxes and duties, including transfer taxes and stamp duty, directly incurred and payable by the Merging Fund upon the acquisition by the Receiving Fund of the assets of the Merging Fund, as a direct result of the implementation of the Merger, will be borne by NIMI. All other costs and expenses which arise from or are incidental to the Merger implementation (such as any adjustments to the portfolio of the Merging Fund before the Effective Date) will be borne by NIMI. For example, in respect of any registration of the Receiving Fund for marketing in a particular jurisdiction, where the Merging Fund share class was already registered in that jurisdiction, the cost of such registration will be borne by NIMI. Otherwise, this would represent a “duplicate cost” for the Shareholders of the Merging Fund.

The Luxembourg *taxe d'abonnement* will become payable by the Receiving Fund from the Effective Date. This is an expense which Shareholders of the Merging Fund do not suffer currently in Ireland and, to ensure that the Merging Fund Shareholders are no worse off as a result of the Merger, the All-in-Fee of each share class of the Receiving Fund has been reduced commensurate with the rate of *taxe d'abonnement* that will be applicable to each share class.

9. PROCEDURES

(a) *Conditions applying to the Merger*

The Merger is conditional upon:

- (i) the approval of the Resolution by Shareholders of the Merging Fund; and
- (ii) clearance and approval of the Merger by the Central Bank.

(b) *Meeting and Voting Procedures*

A Meeting of Shareholders is being convened for **23 April, 2026** at 12 p.m. The Notice of the Meeting is set out in **Appendix D** hereto and contains the text of the Resolution required to give effect to the Merger.

The Merger may not take place without the required approval of Shareholders of the Merging Fund. To be passed, the Resolution requires the support of at least 75% of votes cast by Shareholders of the Merging Fund present (in person or by proxy) at the Meeting. If the Resolution is passed, it will be binding on all Shareholders irrespective of how (or whether) they voted.

The quorum for the Meeting of the Merging Fund is two Shareholders entitled to vote upon the business to be transacted. Shareholders may attend the Meeting in person or by its appointed proxy (the form of proxy for completion and return by Shareholders is included at **Appendix E**). If a quorum is not present within half an hour of the time appointed for the Meeting, the Meeting will stand adjourned until the same day in the next week, at the same time and place or to such other time and place as the Directors may determine. The quorum for the adjourned Meeting shall be at least one Shareholder present in person or by proxy. Any votes cast by proxy for the Meeting will be held over and used at the adjourned meeting.

Shareholders will be notified promptly of the outcome of the Meeting. Results of the Meeting will be posted online at www.im.natixis.com

Shareholders who do not wish to take part in the Merger must request a redemption of their Existing Shares by the Merger Redemption Deadline, otherwise such Existing Shares will automatically form part of the Merger, if the Merger proceeds following approval at the Meeting. **Shareholders have the right to request a redemption of their Existing Shares without charge (other than any charges to cover disinvestment costs) from the date of this Circular up to the Merger Redemption Deadline as set out on page 2 above.**

If the Resolution is passed, no further dealings in the Existing Shares will take place after the Merger Redemption Deadline and the register will be closed until the Effective Date. The subscription and redemption of Existing Shares in the Merging Fund will be temporarily suspended until the Effective Date accordingly. Any dealing requests in Existing Shares received after the Merger Redemption Deadline will be refused. Shareholders who do not request a redemption of their Existing Shares by the Merger Redemption Deadline will automatically form part of the Merger.

Shareholders who do not request a redemption of their Existing Shares by the Merger Redemption Deadline will be issued with New Shares under the Merger without any further action on their part. Such Shareholders will be deemed to have accepted that, as and from the Effective Date, their investment in the Receiving Fund will be governed by the terms of the Receiving Fund's Prospectus.

Furthermore, such Shareholders acknowledge and agree that all representations, warranties and undertakings given to the Company at the time of their original subscription into the Merging Fund shall continue in full force and effect and shall, from the Effective Date, be interpreted as having been given to the Receiving Company in connection with their continued investment in the Receiving Fund.

Shareholders who form part of the Merger and receive New Shares in exchange for their Existing Shares will be able to exercise their rights as Shareholders in the Receiving Fund as and from the first dealing day for dealing in such New Shares as set out on page 2 above.

If Shareholders do not pass the requisite Resolution, dealings in the Existing Shares in the Merging Fund will continue after the Meeting, including any adjournment.

If Shareholders pass the requisite Resolution, the proposed Merger will involve the delivery and/or transfer to the Receiving Fund of the assets and liabilities of the Merging Fund in exchange for the issue of New Shares to Shareholders at the Effective Date in accordance with the Terms of Merger (at **Appendix A**).

There will be no initial charge in respect of the issue of New Shares under the Merger.

(c) Merger Timeline

Please see the merger timeline at page 2 above. This sets out the key dates in connection with the Merger.

10. INDEPENDENT PERSONS REPORT

In accordance with regulation 59 of the Regulations, the Depositary of the Company and the Receiving Company's Depositary have provided written verification of certain particulars of the Merger to the Central Bank. In accordance with regulation 60 of the Regulations, the Receiving Company Auditors will validate the following:

- the criteria adopted for the valuation of the assets and, where applicable, the liabilities of the Merging Fund on the Effective Date; and
- the calculation method of the Exchange Ratio as well as the actual Exchange Ratio as at the date for calculating that ratio.

Following the Effective Date, the Receiving Company Auditors will prepare a report with details of its findings in relation to the above which will be available to Shareholders free of charge upon request to the Administrator.

11. ADDITIONAL INFORMATION AND DOCUMENTS AVAILABLE FOR INSPECTION

The following documents are included with this Circular, which we encourage you to read carefully:

- The Terms of Merger (as required by Regulation 58 of the UCITS Regulations) is attached at **Appendix A**.
- A comparison of the key characteristics of the Merging Fund with those of the Receiving Fund is set out at **Appendix B**.
- At **Appendix C**, you will find the key information documents ("**KID**") relating to the New Shares for the Receiving Fund.
- As noted above, you will also find enclosed a notice in respect of the Meeting (**Appendix D**) and form of proxy for your completion and return to enable you to exercise your vote on the Merger (**Appendix E**).

The following documents are available on request, or are available for inspection at the registered office of the Company and the Receiving Company (as applicable) during usual business hours on any Business Day from the date of this Circular up to and including the date of the Meeting and, if the Resolution is passed, up to and including the Effective Date:

- the Company's Prospectus, Supplement and Constitution;
- the Receiving Fund Prospectus and constitutive document; and
- the latest annual and interim reports of the Receiving Company.

Shareholders will be entitled to obtain a copy of the Receiving Company Auditor's report as outlined above, however please note that this can only be made available after the Merger.

Shareholders who submit subscription requests or who ask to receive copies of the above documents between the date of this Circular and up to the Effective Date will be provided with a copy of this Circular and the KID of the Receiving Fund.

12. AMENDMENTS

In circumstances where it becomes necessary or advisable to do so, alterations in the terms and method of implementation of the Merger may be made in accordance with the requirements of the Central Bank provided that any such alterations are, in the opinion of the Directors, and in consultation with the Depositary and the Auditor (as relevant), of a non-material nature.

Shareholders of the Merging Fund will be notified of any such amendment in particular where it involves an amendment to the proposed timetable.

13. ACTION TO BE TAKEN

In summary therefore, in order to implement the Merger, the following actions must be completed:

- (i) the receipt of all necessary regulatory or other approvals and clearances, received subject to (ii) below;
- (ii) the passing of the Resolution by Shareholders to approve the Merger;

Natixis International Funds (Dublin) I PLC
6th Floor, 2 Grand Canal Square, Dublin 2, D02 A342, Ireland

- (iii) the implementation of the transfer of the assets and liabilities of the Merging Fund to the Receiving Fund; and
- (iv) the issue of New Shares in the Receiving Fund.

In the opinion of the Directors, the Merger is fair and reasonable and in the best interests of Shareholders as a whole. The Directors recommend that you **vote in favour** of the Resolution to be proposed at the Meeting.

It is important that you exercise your voting rights in respect of the Meeting by completing and returning your enclosed proxy form so that it will arrive 48 hours in advance of the Meeting. A completed proxy form can be returned by email to fundscosec@williamfry.com or by post to 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland (marked for the attention of the Secretary to Natixis International Funds (Dublin) I PLC).

If you have any queries in respect of this Circular, please contact your relationship contacts at NIMI or the Administrator.

Yours faithfully

Director
for and on behalf of
Natixis International Funds (Dublin) I PLC

**APPENDIX A
TERMS OF MERGER**

See Over

TERMS OF MERGER

between

Natixis International Funds (Dublin) I - Loomis Sayles Multisector Income Fund (a sub-fund of Natixis International Funds (Dublin) I PLC)

and

Loomis Sayles Multisector Income Fund (a sub-fund of Natixis International Funds (LUX) I SICAV)

1. Identification of the type of merger and the UCITS involved:

The following *Terms of Merger* have been agreed by the directors of Natixis International Funds (Dublin) I PLC (the "**Company**") and the directors of Natixis International Funds (LUX) I SICAV (the "**Receiving Company**") in respect of the proposed merger between Natixis International Funds (Dublin) I - Loomis Sayles Multisector Income Fund (a sub-fund of the Company) (the "**Merging Fund**") and Loomis Sayles Multisector Income Fund (a sub-fund of the Receiving Company) (the "**Receiving Fund**") (hereinafter, the "**Merger**").

The Merger, if given effect, will constitute a merger by absorption according to the provisions of paragraph (a) of the definition of 'merger' as set out in Regulation 3(1) of the UCITS Regulations.

Terms used in this document but not otherwise defined herein shall have the meanings ascribed to them in the prospectus of the Company (the "**Company Prospectus**") and the supplement in respect of the Merging Fund (the "**Supplement**") which contain information on the Merging Fund and the prospectus of the Receiving Company which contains information on the Receiving Fund, as appropriate.

2. Background to and Rationale for the proposed Merger:

Natixis Investment Managers International ("**NIMI**"), as UCITS management company to the Company and Merging Fund, has undertaken a comprehensive review of the current operating models and distribution strategies across NIMI's UCITS fund offering, as well as associated costs and complexity for Shareholders. This review aimed to identify, for the benefit of Shareholders, a structure that could provide improved access to NIMI's UCITS fund offering with enhanced operational efficiency, with no increase in associated costs to Shareholders.

NIMI, with the agreement of the directors of the Company (the "**Directors**"), has determined that migrating the sub-funds of the Company, including the Merging Fund, to the larger Natixis International Funds (Lux) I SICAV, the Receiving Company, of which NIMI is the management company, would be advantageous for Shareholders.

NIMI currently manages the Company and the Receiving Company as two separate UCITS fund umbrellas in two separate domiciles. The Receiving Company is NIMI's flagship Luxembourg-domiciled UCITS umbrella which currently has 31 sub-funds broadly distributed globally and will have 36 such sub-funds if the sub-funds of the Company migrate to the Receiving Company. The Merger is therefore a strategic initiative of NIMI to simplify both the operational set up and the shareholder experience for Shareholders across NIMI's UCITS fund range:

- A simplified operational set up will include consolidated accounts and a single point of contact with the transfer agent for those shareholders invested in sub-funds of the Company and the Receiving Company, as well as the same bank account details which will help reduce the risk of settlement errors and associated interest claims. Such a simplified operational set up will enable easier switching between sub-funds of the Receiving Company, with the use of a simplified application form and single process for conducting KYC/AML identification verification. In addition to a simpler communication flow with a single

transfer agent, the Receiving Funds and other sub-funds of the Receiving Company would have the same dealing days and cut-off times.

- A simplified shareholder experience will include aspects such as being able to access fund information in a single Prospectus document in respect of the Receiving Company (rather than the Company's Prospectus and the Merging Fund's Supplement as separate documents), the ability to see characteristics of the Receiving Fund's share classes in a single table, rather than the separate tables provided in the existing Supplement of the Merging Fund, as well as the ability to view and compare, in a single prospectus, additional sub-funds of the Receiving Company that are managed by the Investment Manager.

Shareholders of the Merging Fund will not be negatively impacted post-merger in terms of the investment experience and associated expenses.

Once they receive their New Shares in the Receiving Fund, Shareholders will be able to easily exchange those New Shares for shares in any of the sub-funds of the Receiving Company.

The Merger will not impact the core investment proposition for Shareholders of the Merging Fund with continuity of the Investment Manager's approach and strategy in the Receiving Fund. Shareholders of the Merging Fund will receive a similar quality of investment management in the Receiving Fund since the Investment Manager's portfolio management team and their investment processes will remain the same. As such, the performance track record of the Merging Fund will be carried over to the Receiving Fund.

With regard to expenses, whilst *taxe d'abonnement* in Luxembourg will be incurred by the Receiving Fund, which is not the case for the Merging Fund, the associated expense has been accommodated by a commensurate reduction of the All-in-Fee of each share class of the Receiving Fund. A detailed comparison of fees and expenses across the Merging Fund and Receiving Fund is set out in Appendix B to the Circular.

Therefore, NIMI, in its capacity as the Company's UCITS management company, has recommended the Merger to the Directors.

The Directors of the Company believe that it is in the best interests of Shareholders to merge the Merging Fund into the Receiving Fund.

In order to be given effect, the proposed Merger must be approved by Shareholders of the Merging Fund. An extraordinary general meeting of those Shareholders is to be convened for the purpose of tabling a resolution to approve the Merger (the "**Meeting**").

75% or more of the votes validly cast by Shareholders of the Merging Fund present or represented (in person or by proxy) at the Meeting (or at any adjournment thereof) must vote in favour of the resolution to be tabled at the Meeting for the Merger to be approved.

If the Merger is approved at the Meeting it will be binding on all Shareholders in the Merging Fund as at close of business on **12 June 2026**, whether or not they voted in favour of the Merger, or indeed at all. Shareholders who do not request a redemption of the shares held by them in the Merging Fund (the "**Existing Shares**") by the Merger Redemption Deadline will be issued shares in the Receiving Fund (the "**New Shares**") under the Merger without any further action on their part. Such Shareholders will be deemed to have accepted that, as and from the Effective Date, their investment in the Receiving Fund will be governed by the terms of the Receiving Fund's Prospectus.

3. Effective Date of the Merger:

In the event that the resolution to approve the Merger is approved at the Meeting, the Merger itself will take effect on **12 June 2026** at 23.59 (Irish time) (the "**Effective Date**").

4. Rules applicable, respectively to the transfer of assets and the exchange of Shares:

If the Merger is given effect, it will result in the transfer as at the Effective Date of all the assets and liabilities of the Merging Fund to the Receiving Fund.

At the same time, and in exchange for such transfer from the Merging Fund to the Receiving Fund, those who hold shares in the Merging Fund at the Effective Date will have their shares in the Merging Fund cancelled and will be issued with new shares in the Receiving Fund (the "New Shares").

The table below shows the class of New Shares which will be issued under the Merger in exchange for each class of Existing Shares. The type and features of New Shares which Shareholders will receive under the Merger (for example distribution or accumulation, hedged or unhedged), as well as other characteristics of the New Shares (for example maximum sales charge, redemption charge or CDSC, minimum initial investment and minimum holding amounts), will correspond with the type and features of Existing Share currently held, with the following exceptions:

- Minimum amounts currency – Existing Shares disclose the Minimum Initial Subscriptions amounts and Minimum Holding amounts in the currency of the respective Existing Shares, whilst New Shares disclose the Minimum Initial Investment and Minimum Holding amounts in the Reference Currency of the Receiving Fund "or equivalent". For those New Shares which are denominated in a different currency than the Reference Currency of the Receiving Fund (i.e. in the currency of quotation), the corresponding minimum investment and holding amounts will be the minimum investment and holding amounts of the New Shares class denominated in the Reference Currency of the Receiving Fund multiplied by the exchange rate between the Reference Currency and the currency of quotation at the latest closing rates (available before Cut-Off Time) quoted by any major banks.
- Class C Shares – Existing Shares have a Minimum Initial Subscriptions amount of US\$1,000, whilst New Shares have no Minimum Initial Investment amount; Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.
- Class CT Shares – Existing Shares have a Minimum Initial Subscriptions amount of US\$1,000, whilst New Shares have no Minimum Initial Investment amount; Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.
- Class F Shares – Existing Shares have a Minimum Initial Subscriptions amount of US\$1,000, whilst New Shares have no Minimum Initial Investment amount; Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.
- Class N Shares – Existing Shares have a Minimum Holding amount of 1 Share, whilst New Shares have no Minimum Holding amount.

*Taxe d'abonnement – please refer below to section 8. of the Terms of Merger entitled “Costs Impact of the Merger”

It is expected that all documentation provided to the Company by Merging Shareholders in relation to their subscription for shares in the Merging Fund (i.e. original signatory lists/powers of attorney (if applicable), bank details and original anti-money laundering verification documentation) will be deemed to apply to such shareholders' holding in the Receiving Fund post the Merger having taken effect.

In addition, if the Merger is approved, it is expected that the representations and warranties provided by Merging Shareholders as part of their application for shares in the Merging Fund will be deemed to be repeated in respect of their holding in the Receiving Fund.

Any remaining accrued income, dividends and income receivables at the Effective Date will be included in the calculation of the Net Asset Value of the Merging Fund and will transfer to the Receiving Fund as part of the Merger. Any such remaining accrued income, dividends and income receivables attributable to dividend paying share classes of the Merging Fund will be distributed at the next distribution date of the Receiving Fund after the Effective Date.

Where Shareholders in dividend paying classes of Existing Shares have a current instruction to reinvest income, this instruction will likewise carry over and apply in the Receiving Fund for dividend paying classes of New Shares after the Effective Date.

No sales charge or other charge will be levied in respect of New Shares to be issued to Merging Shareholders, except if a CDSC applies to Existing Shares held by a shareholder, the CDSC will also apply to the New Shares issued to that shareholder such that in the case of a redemption of those New Shares, the CDSC rate shall be applied using the date of subscription in the Merging Fund and the date of redemption in the Receiving Fund.

Subject to and following the Merger having taken effect, all shares then in issue of the Merging Fund as at the Effective Date shall be cancelled and the Merging Fund will cease to exist as at the Effective Date in accordance with **Regulation 66(1)(c)** of the **UCITS Regulations**.

5. Criteria adopted for valuation of the assets and, where applicable, the liabilities on the date for calculating the exchange ratio (as referred to in Regulation 65(1) of the UCITS Regulations):

The net asset values of the share classes of the Merging Fund on the date for applying the Exchange Ratio (i.e. the exchange ratio as referred to in **Regulation 65(1)** of the **UCITS Regulations**) shall be calculated in accordance with the principles on valuation prescribed by the Company's Constitution and by the Company Prospectus for calculating the net asset values and as at the Valuation Point for the Merging Fund on **12 June 2026** (the "**Merger Valuation Point**").

6. Calculation method of the Exchange Ratio and Number of New Shares to Issue:

The number of New Shares to be allocated to the Merging Fund's Shareholders will be determined based on the exchange ratio applied at the Merger Valuation Point corresponding to the net asset values of the respective share classes of the Merging Fund and the Receiving Fund (the "**Exchange Ratio**").

The Exchange Ratio shall be 1:1, as an equal number of New Shares in a corresponding class of the Receiving Fund will be issued to each shareholder on the basis that the net asset value per share of the Existing Shares shall be equal to the net asset value per share of the corresponding New Shares, since the Receiving Fund will not comprise any assets or liabilities at the Merger Valuation Point.

7. Expected impact of the Merger on the shareholders of the Merging Fund and of the Receiving Fund:

Impact on the Merging Shareholders

The Merging Fund and the Receiving Fund share substantially the same features. The Merger will not involve any significant changes to the current investment objective and policies, investment strategy and risk profile of the Merging Fund. The Investment Manager will continue to manage the Receiving Fund with the same team of portfolio managers and there will be no change to the Investment Manager's investment philosophy and strategy.

In addition, the Receiving Fund will be managed using the Investment Manager's approach to sustainable investing, in line with that in place for the Merging Fund. Both the Merging Fund and the Receiving Fund are categorised as Article 6 funds for the purposes of the Sustainable Finance Disclosure Regulation.

The investment objective and policies, and investment strategy, of the Receiving Fund will not differ in any material way to those of the Merging Fund. The investment objective and policies that will be pursued on behalf of Merging Shareholders following the Merger having taken effect will be those of the Receiving Fund as set out in full in **Appendix B** to the Circular.

The Merger is not expected to have any impact on risk and return performance potential. The Receiving Fund will utilise the track record of the Merging Fund. The Directors are of the opinion that, having regard to the comparative features of the investment policies of the Merging Fund and the Receiving Fund, the Merger will not involve a change in risk profile.

Shareholders of the Merging Fund will not be impacted materially post-merger.

A detailed comparison of fees and charges across the Merging Fund and Receiving Fund, respectively, is set out in **Appendix B** to the Circular.

Impact on the Receiving Fund

The Receiving Fund, having been set up for the purposes of the Merger, has not launched and currently has no shareholders. The Receiving Fund will be launched upon Merger and the portfolio of the Receiving Fund will be managed in accordance with the investment objective and policies,

and investment strategy, of the Receiving Fund upon absorption of all of the assets and liabilities of the Merging Fund.

8. Costs Impact of the Merger

The legal, advisory and administrative costs associated with the preparation and the completion of the Merger will be borne by NIMI.

Any taxes and duties, including transfer taxes and stamp duty, directly incurred and payable by the Merging Fund upon the acquisition by the Receiving Fund of the assets of the Merging Fund, as a direct result of the implementation of the Merger, will be borne by NIMI. All other costs and expenses which arise from or are incidental to the Merger implementation (such as any adjustments to the portfolio of the Merging Fund before the Effective Date) will be borne by NIMI. For example, in respect of any registration of the Receiving Fund for marketing in a particular jurisdiction, where the Merging Fund share class was already registered in that jurisdiction, the cost of such registration will be borne by NIMI. Otherwise, this would represent a “duplicate cost” for the Shareholders of the Merging Fund.

The Luxembourg *taxe d'abonnement* will become payable by the Receiving Fund from the Effective Date of the Merger. This is an expense which Shareholders of the Merging Fund do not suffer currently in Ireland and, to ensure that the Merging Fund Shareholders are no worse off as a result of the Merger, as illustrated in the share class exchange table in Section 4 above, the All-in-Fee of each share class of the Receiving Fund has been reduced commensurate with the rate of *taxe d'abonnement* that will be applicable to each share class of the Receiving Fund.

9. Conditions applying to the Merger

The Merger is conditional upon:

- the Resolution by Shareholders of the Merging Fund passing (requiring at least 75% of the votes cast by Shareholders of the Merging Fund present in person or by proxy at the Meeting being cast in favour of the Resolution); and
- clearance and approval of the Merger by the Central Bank of Ireland (the “**Central Bank**”).

10. Amendments

In circumstances where it becomes necessary or advisable to do so, alterations in the terms and method of implementation of the Merger may be made in accordance with the requirements of the Central Bank provided that any such alterations are, in the opinion of the Directors, and in consultation with the Company’s Depository and the Company’s Auditor (as relevant), of a non-material nature. Shareholders of the Merging Fund will be notified, as soon as possible, of any such amendment, including any amendment to the proposed timetable.

11. Conclusion

Subject to the Merger being approved at the Meeting, all dealing in Existing Shares of the Merging Fund shall be suspended during the period set out on page 2 of the Circular. This is to facilitate giving effect to the Merger in as orderly a fashion as possible.

Shareholders in the Merging Fund will be permitted to request redemption of their shares in accordance with the terms of the Supplement in advance of the Merger taking effect (up to the Merger Redemption Deadline). They will be permitted to do so free of any redemption or exit charge as and from the date on which the Notice convening the Meeting is issued to shareholders of the Merging Fund.

In the event the Merger is approved at the Meeting, the last Dealing Day (as defined in the Supplement) in respect of which that right to redeem free of any redemption or exit charge can be exercised shall be **5 June 2026** (in respect of requests submitted by the cut-off time on the prior business day in the Merging Fund). Any Shareholder wishing to exercise this right must apply by

the Merger Redemption Deadline to redeem in accordance with the terms specified in the Supplement and before the applicable deadline for receipt by the Company's administrator of such requests.

12. Merger Timeline

The key dates in connection with the Merger are set out on page 2 of the Circular.

APPENDIX B
NATIXIS INTERNATIONAL FUNDS (DUBLIN) I – LOOMIS SAYLES MULTISECTOR INCOME FUND

Comparison of Key Characteristics of the Merging Fund with the Receiving Fund

The following table summarises some of the key characteristics of the Merging Fund and the Receiving Fund.

Feature	The Merging Fund	The Receiving Fund
	Terms herein to be understood by reference to their meaning in the Company's Prospectus and the Supplement unless otherwise defined.	Terms herein to be understood by reference to their meaning in the Receiving Fund Prospectus unless otherwise defined.
Legal Structure	A UCITS sub-fund of an umbrella investment company with segregated liability between sub-funds.	A UCITS sub-fund of a Luxembourg Société d'Investissement à Capital Variable composed of several separate sub-funds.
Authorisation date	24 August 2000	24 October 2025
Website (where the Prospectus, KID and SFDR product information is available)	https://www.im.natixis.com/en-intl/funds	https://www.im.natixis.com/en-intl/funds
Investment objective and policies		
Investment Objective	The investment objective of Natixis International Funds (Dublin) I – Loomis Sayles Multisector Income Fund is high total investment return through a combination of current income and capital appreciation.	The investment objective of Loomis Sayles Multisector Income Fund is high total investment return through a combination of income and capital appreciation.
Investment Policy and Strategy	<p>The Investment Manager may shift the Fund's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).</p> <p>The Fund is actively managed. In deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations, its expectations regarding future changes in interest rates and comparisons of the level of risk associated with particular investments with the Investment Manager's</p>	<p>The Fund is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates.</p> <p>The Investment Manager generally seeks to maintain a high level of diversification and may shift the Fund's assets among various types of securities based upon changing market conditions. Use of derivatives	<p>Terms herein to be understood by reference to their meaning in the Company's Prospectus and the Supplement unless otherwise defined.</p> <p>Financial derivative instruments and repurchase agreements may be used for the purposes of efficient portfolio management.</p> <p>The Fund may be leveraged up to 35% of its Net Asset Value using the Commitment Approach.</p> <p>The conditions and limits for the use of such techniques and instruments in relation to the Fund are as follows:-</p> <ol style="list-style-type: none"> The Fund's global risk exposure (as prescribed by Central Bank Requirements) relating to FDIs must not exceed its total Net Asset Value. The Company calculates the Fund's global risk exposure by using the standard commitment approach or the value at risk ("VaR") approach as appropriate depending on the Fund's risk profile in accordance with ESMA Guidelines (Ref.: CESR/10-788). VaR means a measure of the maximum expected loss at a given confidence level over a specific time period. The Company uses 99% as the confidence level over a one-month time period. There are two types of VaR, absolute VaR and relative VaR. Relative VaR measures the global exposure of the Fund against the global exposure of an appropriate benchmark or index. If using VaR as the global exposure measure for the Fund, the VaR of the Fund is not permitted to exceed twice that of the benchmark or index. <p>Absolute VaR is appropriate for use where the Fund does not define its investment targets in line with a benchmark and/or where the Fund has an absolute return strategy. Where absolute VaR is selected for the Fund, the ESMA Guidelines state that the VaR measure must not exceed 20% of that Fund's net asset value. Using the confidence level and time period selected by the Company, the Fund which is measured using absolute VaR would be limited to a 99% one-month VaR of 20% of the Net Asset Value. This means that, under normal market conditions, there is a 1% probability that the value of the Fund could decrease by 20% or more over the following 20 business days.</p> <p>The standard commitment approach means that the Company converts each financial</p>	<p>Terms herein to be understood by reference to their meaning in the Receiving Fund Prospectus unless otherwise defined.</p> <p>For investment and hedging purposes, the Fund may use futures, options, swaps and forward contracts in order to expose its assets to, or hedge its assets against, risks linked to interest rates, exchange rates or credit, within the limits described under "Use of Derivatives, Special Investment and Hedging Techniques" section of the Receiving Fund Prospectus.</p> <p>The Fund may be leveraged up to 35% of its Net Asset Value using the Commitment Approach.</p> <p>The Fund may use derivatives, including options, futures and forward contracts, for risk management, hedging or investment purposes, as specified in the Fund's investment policy. Any such derivatives transaction shall comply with the following restrictions:</p> <ol style="list-style-type: none"> Such derivatives must be traded on a Regulated Market or over-the-counter with counterparties that are subject to prudential supervision and belong to the categories of counterparties approved by the Luxembourg supervisory authority. The underlying assets of such derivatives must consist of either the instruments mentioned in the section entitled "Authorized Investments" or financial indices, interest rates, foreign exchange rates or currencies in which the relevant Fund invests in accordance with its investment policy. Such derivatives, if traded over-the-counter ("OTC

**APPENDIX C
KEY INFORMATION DOCUMENTS FOR THE RECEIVING FUND**

See Over

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I C/A (USD) (ISIN: LU3211765345)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,320 USD	8,820 USD		
	Average return each year	-16.8%	-4.1%		
Moderate (*)	What you might get back after costs	10,300 USD	10,340 USD		
	Average return each year	3.0%	1.1%		
Favourable (*)	What you might get back after costs	11,590 USD	11,770 USD		
	Average return each year	15.9%	5.6%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	242 USD	735 USD
Annual cost impact (*)	2.4%	2.4% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.1% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 145 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.25% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	225 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

For all shares redeemed within one year from the date of their subscription may be levied a contingent deferred sales charge ("CDSC") of 1% that may be paid when you sell or redeem your shares. CDSCs are usually paid to the financial institution through which your subscription was made.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,320 USD	8,820 USD		
	Average return each year	-16.8%	-4.1%		
Moderate (*)	What you might get back after costs	10,300 USD	10,340 USD		
	Average return each year	3.0%	1.1%		
Favourable (*)	What you might get back after costs	11,590 USD	11,770 USD		
	Average return each year	15.9%	5.6%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	242 USD	735 USD
Annual cost impact (*)	2.4%	2.4% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.1% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 145 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.25% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	225 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

For all shares redeemed within one year from the date of their subscription may be levied a contingent deferred sales charge ("CDSC") of 1% that may be paid when you sell or redeem your shares. CDSCs are usually paid to the financial institution through which your subscription was made.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I F/A (USD) (ISIN: LU3211765691)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,400 USD	9,080 USD		
	Average return each year	-16.0%	-3.2%		
Moderate (*)	What you might get back after costs	10,400 USD	10,640 USD		
	Average return each year	4.0%	2.1%		
Favourable (*)	What you might get back after costs	11,700 USD	12,120 USD		
	Average return each year	17.0%	6.6%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	142 USD	436 USD
Annual cost impact (*)	1.4%	1.4% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 2.1% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 79 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.25%	125 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,400 USD	9,080 USD		
	Average return each year	-16.0%	-3.2%		
Moderate (*)	What you might get back after costs	10,400 USD	10,640 USD		
	Average return each year	4.0%	2.1%		
Favourable (*)	What you might get back after costs	11,700 USD	12,120 USD		
	Average return each year	17.0%	6.6%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	142 USD	436 USD
Annual cost impact (*)	1.4%	1.4% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 2.1% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 79 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.25%	125 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum This Product does not include any guarantee so you could lose some or all of your investment.			
Stress	What you might get back after costs	7,800 EUR	7,820 EUR
	Average return each year	-22.0%	-7.9%
Unfavourable (*)	What you might get back after costs	8,030 EUR	8,420 EUR
	Average return each year	-19.7%	-5.6%
Moderate (*)	What you might get back after costs	9,850 EUR	9,760 EUR
	Average return each year	-1.5%	-0.8%
Favourable (*)	What you might get back after costs	11,200 EUR	11,070 EUR
	Average return each year	12.0%	3.4%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (H-EUR)) between October 2019 and October 2022 for the unfavourable scenario, between March 2022 and March 2025 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 EUR	612 EUR
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 1.3% before costs and -0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I I/D (H-GBP) (ISIN: LU3211766236)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: GBP 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 GBP	7,820 GBP		
	Average return each year	-21.1%	-7.9%		
Unfavourable (*)	What you might get back after costs	8,130 GBP	8,620 GBP		
	Average return each year	-18.7%	-4.8%		
Moderate (*)	What you might get back after costs	10,010 GBP	10,150 GBP		
	Average return each year	0.1%	0.5%		
Favourable (*)	What you might get back after costs	11,310 GBP	11,700 GBP		
	Average return each year	13.1%	5.4%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (H-GBP)) between October 2019 and October 2022 for the unfavourable scenario, between July 2017 and July 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- GBP 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 GBP	617 GBP
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 2.6% before costs and 0.5% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 GBP. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 GBP
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 GBP
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 GBP
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: SGD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 SGD	7,840 SGD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,130 SGD	8,750 SGD		
	Average return each year	-18.7%	-4.4%		
Moderate (*)	What you might get back after costs	10,070 SGD	10,250 SGD		
	Average return each year	0.7%	0.8%		
Favourable (*)	What you might get back after costs	11,330 SGD	11,670 SGD		
	Average return each year	13.3%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- SGD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 SGD	796 SGD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 SGD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 SGD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 SGD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 SGD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I R/D (H-SGD) (ISIN: LU3211766400)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: SGD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 SGD	7,840 SGD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,130 SGD	8,750 SGD		
	Average return each year	-18.7%	-4.4%		
Moderate (*)	What you might get back after costs	10,070 SGD	10,250 SGD		
	Average return each year	0.7%	0.8%		
Favourable (*)	What you might get back after costs	11,330 SGD	11,670 SGD		
	Average return each year	13.3%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- SGD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 SGD	796 SGD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 SGD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 SGD

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,180 USD	8,900 USD		
	Average return each year	-18.2%	-3.8%		
Moderate (*)	What you might get back after costs	10,130 USD	10,430 USD		
	Average return each year	1.3%	1.4%		
Favourable (*)	What you might get back after costs	11,390 USD	11,870 USD		
	Average return each year	13.9%	5.9%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 USD	619 USD
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 56 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I I/A (EUR) (ISIN: LU3211766665)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum This Product does not include any guarantee so you could lose some or all of your investment.			
Stress	What you might get back after costs	7,310 EUR	7,220 EUR
	Average return each year	-26.9%	-10.3%
Unfavourable (*)	What you might get back after costs	8,770 EUR	9,380 EUR
	Average return each year	-12.3%	-2.1%
Moderate (*)	What you might get back after costs	10,020 EUR	10,430 EUR
	Average return each year	0.2%	1.4%
Favourable (*)	What you might get back after costs	11,650 EUR	11,610 EUR
	Average return each year	16.5%	5.1%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (EUR)) between December 2019 and December 2022 for the unfavourable scenario, between November 2021 and November 2024 for the moderate scenario and between December 2018 and December 2021 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 EUR	619 EUR
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: GBP 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	6,360 GBP	6,450 GBP		
	Average return each year	-36.4%	-13.6%		
Unfavourable (*)	What you might get back after costs	9,010 GBP	9,360 GBP		
	Average return each year	-9.9%	-2.2%		
Moderate (*)	What you might get back after costs	9,980 GBP	10,570 GBP		
	Average return each year	-0.2%	1.9%		
Favourable (*)	What you might get back after costs	13,180 GBP	13,260 GBP		
	Average return each year	31.8%	9.9%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund R/D (GBP)) between June 2020 and June 2023 for the unfavourable scenario, between February 2019 and February 2022 for the moderate scenario and between September 2015 and September 2018 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- GBP 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 GBP	622 GBP
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 4.0% before costs and 1.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 GBP. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 GBP
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 GBP
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 GBP
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I I/D (USD) (ISIN: LU3211767044)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,180 USD	8,900 USD		
	Average return each year	-18.2%	-3.8%		
Moderate (*)	What you might get back after costs	10,130 USD	10,430 USD		
	Average return each year	1.3%	1.4%		
Favourable (*)	What you might get back after costs	11,390 USD	11,870 USD		
	Average return each year	13.9%	5.9%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 USD	619 USD
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum		This Product does not include any guarantee so you could lose some or all of your investment.	
Stress	What you might get back after costs	7,310 EUR	7,220 EUR
	Average return each year	-26.9%	-10.3%
Unfavourable (*)	What you might get back after costs	8,720 EUR	9,220 EUR
	Average return each year	-12.8%	-2.7%
Moderate (*)	What you might get back after costs	9,970 EUR	10,250 EUR
	Average return each year	-0.3%	0.8%
Favourable (*)	What you might get back after costs	11,590 EUR	11,410 EUR
	Average return each year	15.9%	4.5%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (EUR)) between December 2019 and December 2022 for the unfavourable scenario, between November 2021 and November 2024 for the moderate scenario and between December 2018 and December 2021 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 EUR	796 EUR
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I R/A (SGD) (ISIN: LU3211767390)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: SGD 10,000					
Scenarios					
Minimum					
This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,950 SGD	7,920 SGD		
	Average return each year	-20.5%	-7.5%		
Unfavourable (*)	What you might get back after costs	8,370 SGD	8,700 SGD		
	Average return each year	-16.3%	-4.5%		
Moderate (*)	What you might get back after costs	9,950 SGD	10,200 SGD		
	Average return each year	-0.5%	0.7%		
Favourable (*)	What you might get back after costs	11,280 SGD	11,250 SGD		
	Average return each year	12.8%	4.0%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund R/A (SGD)) between December 2019 and December 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- SGD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 SGD	795 SGD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.4% before costs and 0.7% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 SGD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 SGD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 SGD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 SGD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I R/D (SGD) (ISIN: LU3211767473)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: SGD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,900 SGD	7,880 SGD		
	Average return each year	-21.0%	-7.6%		
Unfavourable (*)	What you might get back after costs	8,370 SGD	8,700 SGD		
	Average return each year	-16.3%	-4.5%		
Moderate (*)	What you might get back after costs	9,940 SGD	10,200 SGD		
	Average return each year	-0.6%	0.7%		
Favourable (*)	What you might get back after costs	11,270 SGD	11,230 SGD		
	Average return each year	12.7%	4.0%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund R/D (SGD)) between December 2019 and December 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- SGD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 SGD	795 SGD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.4% before costs and 0.7% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 SGD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 SGD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 SGD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 SGD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,130 USD	8,750 USD		
	Average return each year	-18.7%	-4.4%		
Moderate (*)	What you might get back after costs	10,070 USD	10,250 USD		
	Average return each year	0.7%	0.8%		
Favourable (*)	What you might get back after costs	11,330 USD	11,670 USD		
	Average return each year	13.3%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 USD	796 USD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I R/A (USD) (ISIN: LU3211767630)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,130 USD	8,750 USD		
	Average return each year	-18.7%	-4.4%		
Moderate (*)	What you might get back after costs	10,070 USD	10,250 USD		
	Average return each year	0.7%	0.8%		
Favourable (*)	What you might get back after costs	11,330 USD	11,670 USD		
	Average return each year	13.3%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 USD	796 USD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,130 USD	8,750 USD		
	Average return each year	-18.7%	-4.4%		
Moderate (*)	What you might get back after costs	10,070 USD	10,250 USD		
	Average return each year	0.7%	0.8%		
Favourable (*)	What you might get back after costs	11,330 USD	11,670 USD		
	Average return each year	13.3%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 USD	796 USD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I RE/A (USD) (ISIN: LU3211767986)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,970 USD	7,920 USD		
	Average return each year	-20.3%	-7.5%		
Unfavourable (*)	What you might get back after costs	8,190 USD	8,760 USD		
	Average return each year	-18.1%	-4.3%		
Moderate (*)	What you might get back after costs	10,140 USD	10,270 USD		
	Average return each year	1.4%	0.9%		
Favourable (*)	What you might get back after costs	11,410 USD	11,690 USD		
	Average return each year	14.1%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	393 USD	789 USD
Annual cost impact (*)	4.0%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 116 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 200 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	176 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum	This Product does not include any guarantee so you could lose some or all of your investment.		
Stress	What you might get back after costs	7,310 EUR	7,220 EUR
	Average return each year	-26.9%	-10.3%
Unfavourable (*)	What you might get back after costs	8,800 EUR	9,460 EUR
	Average return each year	-12.0%	-1.8%
Moderate (*)	What you might get back after costs	10,050 EUR	10,520 EUR
	Average return each year	0.5%	1.7%
Favourable (*)	What you might get back after costs	11,690 EUR	11,710 EUR
	Average return each year	16.9%	5.4%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (EUR)) between December 2019 and December 2022 for the unfavourable scenario, between November 2021 and November 2024 for the moderate scenario and between December 2018 and December 2021 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	375 EUR	531 EUR
Annual cost impact (*)	3.8%	1.8% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.7% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 39 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.60% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	58 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I S/D (GBP) (ISIN: LU3211768109)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: GBP 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	6,360 GBP	6,450 GBP		
	Average return each year	-36.4%	-13.6%		
Unfavourable (*)	What you might get back after costs	9,030 GBP	9,440 GBP		
	Average return each year	-9.7%	-1.9%		
Moderate (*)	What you might get back after costs	10,010 GBP	10,660 GBP		
	Average return each year	0.1%	2.2%		
Favourable (*)	What you might get back after costs	13,220 GBP	13,380 GBP		
	Average return each year	32.2%	10.2%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund R/D (GBP)) between June 2020 and June 2023 for the unfavourable scenario, between February 2019 and February 2022 for the moderate scenario and between September 2015 and September 2018 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- GBP 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	375 GBP	532 GBP
Annual cost impact (*)	3.8%	1.8% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 4.0% before costs and 2.2% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 39 GBP. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 GBP
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.60% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	58 GBP
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 GBP
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I S/D (USD) (ISIN: LU3211768281)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,200 USD	8,980 USD		
	Average return each year	-18.0%	-3.5%		
Moderate (*)	What you might get back after costs	10,160 USD	10,520 USD		
	Average return each year	1.6%	1.7%		
Favourable (*)	What you might get back after costs	11,420 USD	11,980 USD		
	Average return each year	14.2%	6.2%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	375 USD	531 USD
Annual cost impact (*)	3.8%	1.8% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.7% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 39 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.60% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	58 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,200 USD	8,980 USD		
	Average return each year	-18.0%	-3.5%		
Moderate (*)	What you might get back after costs	10,160 USD	10,520 USD		
	Average return each year	1.6%	1.7%		
Favourable (*)	What you might get back after costs	11,420 USD	11,980 USD		
	Average return each year	14.2%	6.2%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depository of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depository's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depository is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depository provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	375 USD	531 USD
Annual cost impact (*)	3.8%	1.8% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.7% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 39 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.60% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	58 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I R/A (H-EUR) (ISIN: LU3213424347)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum This Product does not include any guarantee so you could lose some or all of your investment.			
Stress	What you might get back after costs	7,890 EUR	7,840 EUR
	Average return each year	-21.1%	-7.8%
Unfavourable (*)	What you might get back after costs	8,130 EUR	8,750 EUR
	Average return each year	-18.7%	-4.4%
Moderate (*)	What you might get back after costs	10,070 EUR	10,250 EUR
	Average return each year	0.7%	0.8%
Favourable (*)	What you might get back after costs	11,330 EUR	11,670 EUR
	Average return each year	13.3%	5.3%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 EUR	796 EUR
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,180 USD	8,900 USD		
	Average return each year	-18.2%	-3.8%		
Moderate (*)	What you might get back after costs	10,130 USD	10,430 USD		
	Average return each year	1.3%	1.4%		
Favourable (*)	What you might get back after costs	11,390 USD	11,870 USD		
	Average return each year	13.9%	5.9%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 USD	619 USD
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I R/D (GBP) (ISIN: LU3213424693)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: GBP 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	6,360 GBP	6,450 GBP		
	Average return each year	-36.4%	-13.6%		
Unfavourable (*)	What you might get back after costs	8,960 GBP	9,200 GBP		
	Average return each year	-10.4%	-2.7%		
Moderate (*)	What you might get back after costs	9,930 GBP	10,390 GBP		
	Average return each year	-0.7%	1.3%		
Favourable (*)	What you might get back after costs	13,110 GBP	13,030 GBP		
	Average return each year	31.1%	9.2%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund R/D (GBP)) between June 2020 and June 2023 for the unfavourable scenario, between February 2019 and February 2022 for the moderate scenario and between September 2015 and September 2018 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- GBP 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 GBP	798 GBP
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 4.0% before costs and 1.3% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 GBP. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 GBP
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 GBP
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 GBP
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum		This Product does not include any guarantee so you could lose some or all of your investment.	
Stress	What you might get back after costs	7,900 EUR	7,810 EUR
	Average return each year	-21.0%	-7.9%
Unfavourable (*)	What you might get back after costs	8,040 EUR	8,450 EUR
	Average return each year	-19.6%	-5.5%
Moderate (*)	What you might get back after costs	9,810 EUR	9,740 EUR
	Average return each year	-1.9%	-0.9%
Favourable (*)	What you might get back after costs	11,230 EUR	11,090 EUR
	Average return each year	12.3%	3.5%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (H-EUR)) between October 2019 and October 2022 for the unfavourable scenario, between March 2019 and March 2022 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 EUR	612 EUR
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 1.2% before costs and -0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I RE/A (EUR) (ISIN: LU3211767804)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum		This Product does not include any guarantee so you could lose some or all of your investment.	
Stress	What you might get back after costs	7,970 EUR	7,920 EUR
	Average return each year	-20.3%	-7.5%
Unfavourable (*)	What you might get back after costs	8,190 EUR	8,760 EUR
	Average return each year	-18.1%	-4.3%
Moderate (*)	What you might get back after costs	10,140 EUR	10,270 EUR
	Average return each year	1.4%	0.9%
Favourable (*)	What you might get back after costs	11,410 EUR	11,690 EUR
	Average return each year	14.1%	5.3%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	393 EUR	789 EUR
Annual cost impact (*)	4.0%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 116 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 200 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	176 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I RE/DM (USD) (ISIN: LU3215470363)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,970 USD	7,920 USD		
	Average return each year	-20.3%	-7.5%		
Unfavourable (*)	What you might get back after costs	8,190 USD	8,760 USD		
	Average return each year	-18.1%	-4.3%		
Moderate (*)	What you might get back after costs	10,140 USD	10,270 USD		
	Average return each year	1.4%	0.9%		
Favourable (*)	What you might get back after costs	11,410 USD	11,690 USD		
	Average return each year	14.1%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	393 USD	789 USD
Annual cost impact (*)	4.0%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 116 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 200 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	176 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I RE/DM (H-AUD) (ISIN: LU3215470520)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Moderate (*)	What you might get back after costs	10,140 AUD	10,270 AUD		
	Average return each year	1.4%	0.9%		
Favourable (*)	What you might get back after costs	11,410 AUD	11,690 AUD		
	Average return each year	14.1%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- AUD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	393 AUD	789 AUD
Annual cost impact (*)	4.0%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 116 AUD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 200 AUD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	176 AUD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 AUD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I CT/A (USD) (ISIN: LU3215470793)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
 - The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
 - The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities.
- The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.

- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,300 USD	8,760 USD		
	Average return each year	-17.0%	-4.3%		
Moderate (*)	What you might get back after costs	10,280 USD	10,260 USD		
	Average return each year	2.8%	0.9%		
Favourable (*)	What you might get back after costs	11,560 USD	11,690 USD		
	Average return each year	15.6%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	267 USD	809 USD
Annual cost impact (*)	2.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 162 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.50%	250 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

For all shares redeemed within the first 3 years from the date of their subscription may be subject to a contingent deferred sales charge ("CDSC") of 3% for a redemption within the first year, 2% within the second and 1% within the third, paid when you redeem your shares. CDSCs are usually paid to the financial institution through which your subscription was made.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,300 USD	8,760 USD		
	Average return each year	-17.0%	-4.3%		
Moderate (*)	What you might get back after costs	10,280 USD	10,260 USD		
	Average return each year	2.8%	0.9%		
Favourable (*)	What you might get back after costs	11,560 USD	11,690 USD		
	Average return each year	15.6%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	267 USD	809 USD
Annual cost impact (*)	2.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 162 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.50%	250 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

For all shares redeemed within the first 3 years from the date of their subscription may be subject to a contingent deferred sales charge ("CDSC") of 3% for a redemption within the first year, 2% within the second and 1% within the third, paid when you redeem your shares. CDSCs are usually paid to the financial institution through which your subscription was made.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I N/A (EUR) (ISIN: LU3215470959)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum		This Product does not include any guarantee so you could lose some or all of your investment.	
Stress	What you might get back after costs	7,310 EUR	7,220 EUR
	Average return each year	-26.9%	-10.3%
Unfavourable (*)	What you might get back after costs	8,770 EUR	9,380 EUR
	Average return each year	-12.3%	-2.1%
Moderate (*)	What you might get back after costs	10,020 EUR	10,430 EUR
	Average return each year	0.2%	1.4%
Favourable (*)	What you might get back after costs	11,650 EUR	11,610 EUR
	Average return each year	16.5%	5.1%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (EUR)) between December 2019 and December 2022 for the unfavourable scenario, between November 2021 and November 2024 for the moderate scenario and between December 2018 and December 2021 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 EUR	619 EUR
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 56 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum	This Product does not include any guarantee so you could lose some or all of your investment.		
Stress	What you might get back after costs	7,530 EUR	7,450 EUR
	Average return each year	-24.7%	-9.4%
Unfavourable (*)	What you might get back after costs	8,970 EUR	9,420 EUR
	Average return each year	-10.3%	-2.0%
Moderate (*)	What you might get back after costs	10,240 EUR	10,480 EUR
	Average return each year	2.4%	1.6%
Favourable (*)	What you might get back after costs	11,910 EUR	11,660 EUR
	Average return each year	19.1%	5.3%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (EUR)) between December 2019 and December 2022 for the unfavourable scenario, between November 2021 and November 2024 for the moderate scenario and between December 2018 and December 2021 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	197 EUR	601 EUR
Annual cost impact (*)	2.0%	2.0% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 1.6% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 116 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	180 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

For all shares redeemed within the first 3 years from the date of their subscription may be subject to a contingent deferred sales charge ("CDSC") of 3% for a redemption within the first year, 2% within the second and 1% within the third, paid when you redeem your shares. CDSCs are usually paid to the financial institution through which your subscription was made.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I N1/A (H-EUR) (ISIN: LU3215471171)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum This Product does not include any guarantee so you could lose some or all of your investment.			
Stress	What you might get back after costs	7,890 EUR	7,840 EUR
	Average return each year	-21.1%	-7.8%
Unfavourable (*)	What you might get back after costs	8,180 EUR	8,920 EUR
	Average return each year	-18.2%	-3.7%
Moderate (*)	What you might get back after costs	10,140 EUR	10,460 EUR
	Average return each year	1.4%	1.5%
Favourable (*)	What you might get back after costs	11,400 EUR	11,910 EUR
	Average return each year	14.0%	6.0%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	395 EUR	590 EUR
Annual cost impact (*)	4.0%	2.0% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.5% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 50 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	78 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I N1/A (USD) (ISIN: LU3215471254)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,180 USD	8,920 USD		
	Average return each year	-18.2%	-3.7%		
Moderate (*)	What you might get back after costs	10,140 USD	10,460 USD		
	Average return each year	1.4%	1.5%		
Favourable (*)	What you might get back after costs	11,400 USD	11,910 USD		
	Average return each year	14.0%	6.0%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	395 USD	590 USD
Annual cost impact (*)	4.0%	2.0% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.5% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 50 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	78 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I N1/D (USD) (ISIN: LU3215471338)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.

- The Product may use derivatives for hedging and/or investment purposes.

- Income earned by the Product is distributed.

- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,180 USD	8,920 USD		
	Average return each year	-18.2%	-3.7%		
Moderate (*)	What you might get back after costs	10,140 USD	10,460 USD		
	Average return each year	1.4%	1.5%		
Favourable (*)	What you might get back after costs	11,400 USD	11,910 USD		
	Average return each year	14.0%	6.0%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	395 USD	590 USD
Annual cost impact (*)	4.0%	2.0% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.5% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 50 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	78 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I N/A (H-EUR) (ISIN: LU3215471411)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- This hedged share class aims at hedging the net asset value against the fluctuation between the reference currency of the Product and the Share class reference currency.
- Income earned by the Product is reinvested.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum This Product does not include any guarantee so you could lose some or all of your investment.			
Stress	What you might get back after costs	7,890 EUR	7,840 EUR
	Average return each year	-21.1%	-7.8%
Unfavourable (*)	What you might get back after costs	8,180 EUR	8,900 EUR
	Average return each year	-18.2%	-3.8%
Moderate (*)	What you might get back after costs	10,130 EUR	10,430 EUR
	Average return each year	1.3%	1.4%
Favourable (*)	What you might get back after costs	11,390 EUR	11,870 EUR
	Average return each year	13.9%	5.9%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 EUR	619 EUR
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 56 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year	If you exit after 3 years
Example investment: EUR 10,000			
Scenarios			
Minimum	This Product does not include any guarantee so you could lose some or all of your investment.		
Stress	What you might get back after costs	7,310 EUR	7,220 EUR
	Average return each year	-26.9%	-10.3%
Unfavourable (*)	What you might get back after costs	8,720 EUR	9,220 EUR
	Average return each year	-12.8%	-2.7%
Moderate (*)	What you might get back after costs	9,970 EUR	10,250 EUR
	Average return each year	-0.3%	0.8%
Favourable (*)	What you might get back after costs	11,590 EUR	11,410 EUR
	Average return each year	15.9%	4.5%

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/A (EUR)) between December 2019 and December 2022 for the unfavourable scenario, between November 2021 and November 2024 for the moderate scenario and between December 2018 and December 2021 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 EUR	796 EUR
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 EUR. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 EUR
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 EUR
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I RE/D (USD) (ISIN: LU3215471684)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,970 USD	7,920 USD		
	Average return each year	-20.3%	-7.5%		
Unfavourable (*)	What you might get back after costs	8,190 USD	8,760 USD		
	Average return each year	-18.1%	-4.3%		
Moderate (*)	What you might get back after costs	10,140 USD	10,270 USD		
	Average return each year	1.4%	0.9%		
Favourable (*)	What you might get back after costs	11,410 USD	11,690 USD		
	Average return each year	14.1%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	393 USD	789 USD
Annual cost impact (*)	4.0%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 116 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	2.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 200 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.80% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	176 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

In case the dividend paid exceeds the gains of the Product, this will result in a corresponding erosion of your investment.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,180 USD	8,900 USD		
	Average return each year	-18.2%	-3.8%		
Moderate (*)	What you might get back after costs	10,130 USD	10,430 USD		
	Average return each year	1.3%	1.4%		
Favourable (*)	What you might get back after costs	11,390 USD	11,870 USD		
	Average return each year	13.9%	5.9%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depository of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depository's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depository is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depository provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	404 USD	619 USD
Annual cost impact (*)	4.1%	2.1% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 1.4% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 59 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.90% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	87 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.
- The Product may use derivatives for hedging and/or investment purposes.
- Income earned by the Product is distributed.
- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

In case the dividend paid exceeds the gains of the Product, this will result in a corresponding erosion of your investment.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	7,890 USD	7,840 USD		
	Average return each year	-21.1%	-7.8%		
Unfavourable (*)	What you might get back after costs	8,130 USD	8,750 USD		
	Average return each year	-18.7%	-4.4%		
Moderate (*)	What you might get back after costs	10,070 USD	10,250 USD		
	Average return each year	0.7%	0.8%		
Favourable (*)	What you might get back after costs	11,330 USD	11,670 USD		
	Average return each year	13.3%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	463 USD	796 USD
Annual cost impact (*)	4.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 0.8% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 96 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	3.00% of the amount invested. This is the most you will be charged. The person selling you the Product will inform you of the actual charge.	Up to 300 USD
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.50% The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	146 USD
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I CT/DG (USD) (ISIN: LU3215472062)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.

- The Product may use derivatives for hedging and/or investment purposes.

- Income earned by the Product is distributed.

- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk.

In case the dividend paid exceeds the gains of the Product, this will result in a corresponding erosion of your investment.

This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,300 USD	8,760 USD		
	Average return each year	-17.0%	-4.3%		
Moderate (*)	What you might get back after costs	10,280 USD	10,260 USD		
	Average return each year	2.8%	0.9%		
Favourable (*)	What you might get back after costs	11,560 USD	11,690 USD		
	Average return each year	15.6%	5.3%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	267 USD	809 USD
Annual cost impact (*)	2.7%	2.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.6% before costs and 0.9% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 162 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.50%	250 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

For all shares redeemed within the first 3 years from the date of their subscription may be subject to a contingent deferred sales charge ("CDSC") of 3% for a redemption within the first year, 2% within the second and 1% within the third, paid when you redeem your shares. CDSCs are usually paid to the financial institution through which your subscription was made.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,480 USD	9,340 USD		
	Average return each year	-15.2%	-2.2%		
Moderate (*)	What you might get back after costs	10,500 USD	10,950 USD		
	Average return each year	5.0%	3.1%		
Favourable (*)	What you might get back after costs	11,820 USD	12,470 USD		
	Average return each year	18.2%	7.6%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	43 USD	133 USD
Annual cost impact (*)	0.4%	0.4% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 3.1% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 17 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.26%	26 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

Purpose

This document provides you with key information about this investment Product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this Product and to help you compare it with other Products.

Product

Loomis Sayles Multisector Income Fund a Sub-Fund of Natixis International Funds (Lux) I XM/A (USD) (ISIN: LU3215472229)

This Product is managed by Natixis Investment Managers International, part of BPCE Group, authorised in France and regulated by the Autorité des Marchés Financiers. This Product is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier. For more information about this Product, please refer to www.im.natixis.com or call +33 1 78 40 98 40.

This key information document is accurate as at 24/10/2025.

What is this Product?

Type This Product is a UCITS Fund. This Product is a Sub-Fund of a Luxembourg Société d'Investissement à Capital Variable. The Product is governed by Part I of the Luxembourg Law of 17 December 2010 as amended.

Term This Product has no specific maturity date. However, this Product might be dissolved or merged, in this case you would be informed by any appropriate means approved by the regulation.

Objectives The investment objective of the Product is high total investment return through a combination of income and capital appreciation. This Product may not be appropriate for investors who plan to withdraw their money within less than 3 years.

- The Product is not managed relative to a specific index. However, for indicative purposes only, the Product's performance may be compared to the Bloomberg US Government/Credit Index (Total Return) ("Reference Index"). In practice, the portfolio of the Product is likely to include constituents of the Reference Index, however, the Product is unconstrained by the Reference Index and may therefore significantly deviate from it.
- The Product is actively managed and, in deciding which securities to buy and sell, the Investment Manager may consider, among other things, the financial strength of the issuer, current interest rates, current valuations and the Investment Manager's expectations regarding future changes in interest rates. The Investment Manager generally seeks to maintain a high level of diversification and may shift the Product's assets among various types of securities based upon changing market conditions. The Investment Manager performs its own extensive credit analyses to determine the creditworthiness and potential for capital appreciation of a security. It uses a flexible approach to identify securities in the global financial markets with characteristics including discounted price compared to economic value, undervalued credit ratings with strong or improving credit policies and attractive yield (although not all of the securities selected will have these attributes).
- The Product invests at least 80% of its total assets in bonds and other related fixed income securities. Bonds and other related fixed income securities in which the Product may invest include corporate fixed income securities, fixed income securities issued or guaranteed by the U.S. Government or its authorities or fixed income securities issued by supranational entities (e.g. the World Bank), as well as commercial paper, zero coupon securities, asset-backed securities, mortgage-backed securities (including collateralised mortgage obligations), when-issued securities, Regulation S Securities, Rule 144A securities, structured notes and convertible securities in accordance with the UCITS Regulations. The Product may not invest more than 5% of its total assets in contingent convertible bonds. The Product may invest up to 20% of its total assets in securitized instruments. The Product may invest up to 20% of its total assets in securities other than those described above, such as common stocks, preferred stocks, and eligible closed-ended U.S. real estate investment trusts ("REITS"). The Product may invest any amount of its assets in securities of U.S. and Canadian issuers which are also listed or traded on Regulated Markets and up to 30% of its total assets in securities of other non-U.S. or non-Canadian issuers including issuers in emerging markets. The Product may invest any amount of its total assets in securities issued by supranational issuers. The Product may invest in securities denominated in any currency including currencies of emerging markets countries. The Product may invest in securities of any maturity. The Product may also invest up to 35% of its total assets in securities of below investment grade quality. Securities of below investment grade quality are securities rated less than BBB- (Standard & Poor's Ratings Services), Baa3 (Moody's Investors Service, Inc.) or an equivalent rating by Fitch Ratings or, if unrated, determined by the Management Company or any Investment Manager to be of equivalent quality. In the instance of a split-rated issue, the best of the ratings will apply. The Product may invest and/or hold up to 5% of its total assets in distressed securities. The Product does not impose limits on the amount of its assets invested in money market instruments. On an ancillary basis, the Product may also hold deposit at sight for up to 20% of its assets under normal market circumstances. In exceptional and temporary market circumstances this limit can be exceeded, provided that the Investment Manager considers this to be in the best interests of Shareholders.

- The Product may use derivatives for hedging and/or investment purposes.

- Income earned by the Product is reinvested.

- **Shareholders may redeem Shares on demand on any business day in Luxembourg by 13h30**

Intended retail investor The Product is suitable for institutional and retail investors who are looking for a diversification of their investments in fixed income securities through credit issuers on a global basis; who can afford to set aside capital for medium term horizon; who can accept temporary losses; and who can tolerate volatility.

Practical information

- **Product depositary:** Brown Brothers Harriman (Luxembourg) S.C.A
- Additional information about the Product (including English versions of the full prospectus, reports and accounts for the entire SICAV), procedure for the exchange of Shares from one Sub-Fund to another Sub-Fund, may be obtained free of charge at the registered office of the Management Company or Administrative Agent. Price per Share of the Sub-Fund may be obtained at the registered office of the Management Company or Administrative Agent.
- Details of the remuneration policy are available at www.im.natixis.com and hard copies are available free of charge upon request.
- **Exchange of shares:** Each Sub-Fund of the SICAV is segregated by the law. You don't have the opportunity to exchange your shares for shares of another Sub-Fund of the Fund. However, you might have the option to redeem your shares of this Sub-Fund and then subscribe shares of another Sub-Fund. For more information, you may consult the Product's prospectus.
- **Tax:** This Product might be subject to specific tax treatments in Luxembourg. Depending on your own country of residence, this might have an impact on your investment. For further details, please contact an adviser.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the Product for 3 years. The Summary Risk Indicator is a guide to the level of risk of this Product compared to other Products. It shows how likely it is that the Product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Product as 3 out of 7, which is a medium-low risk class. This classification rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other risks materially relevant to the Product not included in the summary risk indicator: Credit risk, Liquidity risk, Management techniques risk. This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the Product itself but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this Product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of a suitable proxy over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

Recommended holding period: 3 years		If you exit after 1 year		If you exit after 3 years	
Example investment: USD 10,000					
Scenarios					
Minimum This Product does not include any guarantee so you could lose some or all of your investment.					
Stress	What you might get back after costs	8,140 USD	8,090 USD		
	Average return each year	-18.6%	-6.8%		
Unfavourable (*)	What you might get back after costs	8,490 USD	9,390 USD		
	Average return each year	-15.1%	-2.1%		
Moderate (*)	What you might get back after costs	10,520 USD	11,000 USD		
	Average return each year	5.2%	3.2%		
Favourable (*)	What you might get back after costs	11,830 USD	12,530 USD		
	Average return each year	18.3%	7.8%		

(*) The scenario occurred for an investment (in reference to shareclass: 100% Loomis Sayles Multisector Income Fund I/D (USD)) between October 2019 and October 2022 for the unfavourable scenario, between September 2017 and September 2020 for the moderate scenario and between February 2016 and February 2019 for the favourable scenario.

What happens if Natixis Investment Managers International is unable to pay out?

The assets of the Product are held in safekeeping by Brown Brothers Harriman (Luxembourg) S.C.A, as the depositary of the Product. In the event of insolvency of Natixis Investment Managers International, the Product assets will not be affected. However, in the event of the Depositary's insolvency, there is a potential risk of financial loss. However, this risk is mitigated to a certain extent by the fact that the Depositary is required by law and regulation to segregate its own assets from Product's assets.

There is an investor compensation or guarantee scheme in the case of default of the Depositary provided by law.

What are the costs?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product and how well the Product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year, you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- USD 10,000 is invested.

	If you exit after 1 year	If you exit after 3 years
Total costs	28 USD	87 USD
Annual cost impact (*)	0.3%	0.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at the recommended holding period your average return per year is projected to be 3.5% before costs and 3.2% after costs.

We may share part of the costs with the person selling you the Product to cover the services they provide to you. They will inform you of the amount. These figures include the maximum distribution fee that the person selling you the Product may charge which amount to 7 USD. This person will inform you of the actual distribution fee.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee.	None
Exit costs	We do not charge an exit fee.	None
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.11%	11 USD
	The ongoing costs figure is an estimate of the annualised costs as there is insufficient historical data. It may vary from year to year.	
Transaction costs	0.17% of the value of your investment per year. <i>This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount will vary depending on how much we buy and sell.</i>	17 USD
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	None

An investor engaging in excessive trading or market timing practices may be subject to a levy of up to 2%.

How long should I hold it and can I take my money out early?

Recommended holding period: 3 years

This duration corresponds to the period during which you must remain invested in the Product to obtain a potential return while minimizing the risk of losses. This duration is linked to the asset mix, the management objective, and the investment strategy of your Product.

You can request the sale of your Product everyday. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels.

How can I complain?

Natixis Investment Managers International may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Product. Should you wish to complain about the person advising on or selling the Product or about the Product, you can send an email at the Client Service at ClientServicingAM@natixis.com or write to Natixis Investment Managers International at 43 avenue Pierre Mendès France - 75648 Paris Cedex 13.

When this product is used as part of a unit-linked product for a life insurance contract or similar contract, the additional information on this contract, such as : the costs of the contract (which are not included in this document), the information about how and to whom you can make a complaint about the contract and what happens if the insurance company is unable to pay out, must be provided in the key information document of the contract issued by your insurer, broker or other insurance intermediary in accordance with their legal obligation.

APPENDIX D
NOTICE OF AN EXTRAORDINARY GENERAL MEETING OF THE MERGING FUND

See Over

**NATIXIS INTERNATIONAL FUNDS (DUBLIN) I PLC
NOTICE OF EXTRAORDINARY GENERAL MEETING
OF THE SHAREHOLDERS OF NATIXIS INTERNATIONAL FUNDS (DUBLIN) I - LOOMIS SAYLES
MULTISECTOR INCOME FUND**

THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION.

**If you are in any doubt about the course of action to take, you should consult your stockbroker,
bank manager, solicitor, accountant or other professional advisor.**

NOTICE is hereby given that an Extraordinary General Meeting of the shareholders of Natixis International Funds (Dublin) I - Loomis Sayles Multisector Income Fund (respectively, the "**Shareholders**", the "**Merging Fund**"), a sub-fund of Natixis International Funds (Dublin) I plc (the "**Company**") will be held at 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland on **23 April, 2026** at 12 p.m. (Irish time) to consider and if thought fit pass the following resolution as a resolution of the Shareholders of the Merging Fund:-

Extraordinary Resolution

"**THAT** the Merger, the terms of which are set out in a circular dated 1 April, 2026 (the "**Circular**"), providing for the transfer of the assets and liabilities of the Merging Fund to Loomis Sayles Multisector Income Fund, a sub-fund of the Receiving Company (the "**Receiving Fund**") in consideration of Shareholders listed on the register of Shareholders of the Merging Fund on the date of implementation of the Merger being issued New Shares in the Receiving Fund in accordance with the terms of the Circular, be and is hereby approved on the terms set out in the Circular, and that the Directors of the Company be and are hereby authorised, on behalf of the Merging Fund, to do any act or thing, requisite or desirable, in the opinion of the Directors, for the purpose of carrying the Merger into effect."

By order of Board of the Company

Director
for and on behalf of
Natixis International Funds (Dublin) I plc

Dated: 1 April, 2026

Notes:

1. The required quorum at the meeting is two Shareholders present in person or by proxy. If a quorum is not present within half an hour from the appointed time for the meeting, or if during a meeting a quorum ceases to be present, the meeting shall stand adjourned to the same day in the next week at the same time and place, or to such other day and at such other time and place as the Directors may determine.
2. Please note that you are only entitled to attend and vote at the meeting (or any adjournment thereof) if you are a registered Shareholder. If you have invested in the Company through a broker/dealer/other intermediary, please contact this entity to confirm your right to vote. A Shareholder may appoint a proxy or proxies to attend, speak and vote at the meeting on his/her behalf. A proxy need not be a Shareholder of the Company.
3. A Form of Proxy is enclosed for the use by Shareholders unable to attend the meeting (or any adjournment thereof). Proxy forms must be sent to the Secretary of the Company, Wilton Secretarial Limited. Shareholders may send their proxies by email to fundscosec@williamfry.com, provided the original signed form is sent promptly by post to the Company, c/o The Secretary to Natixis International Funds (Dublin) I plc, 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland.
4. To be valid, proxy forms and any powers of attorney under which they are signed must be received in original form by the Secretary not less than 48 hours before the time appointed for the holding of the meeting or adjourned meeting or, in the case of a poll taken otherwise than at or on the same day as the meeting or adjourned meeting, not less than 48 hours before the time appointed for the poll to be taken. Failure to return the Form of Proxy by the required time will result in the Form of Proxy being void and your proxy will not be entitled to vote on your behalf as directed.
5. At the Extraordinary General Meeting, the resolution put to the vote of the meeting shall be decided on a show of hands unless before or on the declaration of the result of the show of hands a poll is demanded by the chairman or by at least five members present or any members present representing at least one tenth of the shares in issue having the right to vote at the meeting. Unless a poll is so demanded, a declaration by the chairman that a resolution has been carried, or carried unanimously, or by a particular majority, or lost, or not carried by a particular majority and an entry to that effect in the minutes of the meeting shall be conclusive evidence of the fact without proof of the number or proportion of the votes recorded in favour of or against such a resolution. On a poll every member present in person or by proxy at the meeting shall have one vote for every share of which he is the holder.
